Resolved, That the Mayor be authorized and directed on behalf of the Mayor, Aldermen and Citizens of Philadelphia, to release from the lien of a judgment entered by the Mayor, Aldermen and Citizens of Philadelphia against John Yard, Jr., Aaron H. Burtis, and Joseph B. Willits, in the District Court of the City and County of Philadelphia, to June Term, 1845, No. 25, the following described yearly rent charge of \$33 $\frac{1}{3}$, issuing and payable by John Morris, out of and for all that certain lot or piece of ground situate on the west side of Delaware Eighth street, at the distance of one hundred and fifty-two feet southward from Vine street in the City of Philadelphia, containing in front on the said Eighth street twenty feet, and in length or depth westward ninety-five feet, marked and distinguished in a plan of Joshua Lambador's lots No. 11. Bounded southward by ground formerly of the said Joshua Lambador, westward by a lot marked in the aforesaid plan No. 14, northward by lot marked No. 12, and eastward by

Eighth street aforesaid : *Provided*, That the other defendants in said judgment consent thereto.

Which was read.

On motion,

Council proceeded to the second reading and consideration thereof.

When the same was agreed to.

Select Council concurred.

On motion,

Council proceeded to the second reading and consideration of the Bill entitled "An Ordinance to Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon."

The first section being under consideration—

Mr. Paul

Moved to postpone the same, in order to introduce a preamble and resolutions in the place thereof.

The question being on the postponement—

The yeas and nays were called by Messrs. Corbit and Souder, and were as follows :

Yeas—Messrs. Campbell, Davis, Hagert, Hutchinson, Lewis, Paul, Poulson, Norris, Pres't.—8.

Nays—Messrs. Amos, Corbit, Divine, Fisher, Godley, Miller, Mentz, Orne, Souder, Snowden, Tevis, Wilcox—12.

So the motion to postpone was lost.

The question recurring on the first section—

The yeas and nays were called by Messrs. Corbit and Souder, and were as follows :

Yeas—Messrs. Amos, Corbit, Divine, Fisher, Godley, Miller, Mentz, Orne, Souder, Snowden, Tevis, Wilcox—12.

Nays—Messrs. Campbell, Davis, Hagert, Hutchinson, Lewis, Paul, Poulson, Norris, Pres't.—8.

So the first section was agreed to.

The second section being under consideration—

Mr. Corbit

Moved to fill the blank in the eleventh line with the word "July," and the blank in the twelfth line with the word "six."

Which was agreed to.

The second section being again under consideration—

Mr. Hagert

Moved to amend the same by adding the following :

Provided, The Commissioners of the several incorporated Districts of this County make subscriptions to the Capital Stock of the said Pennsylvania Railroad Company, as will in the aggregate amount to not less than Twelve Hundred and Fifty Thousand Dollars.

Which was not agreed to.

The section was agreed to.

The preamble was agreed to.

The title was agreed to.

And the Bill ordered to be prepared for a third reading.

It was then read a third time, and passed.

Mr. Poulson,

For himself and Messrs. Hagert, Davis, Campbell, and Hutchinson, presented a protest.

Which was read, and ordered to be entered on the Journal; and is in the following words, to wit :

THE undersigned, under the obligation they have assumed as members of Common Council; and as they believe, in the faithful discharge of their duty to their constituents; hereby respectfully claim leave to have recorded upon the minutes of this Council, their dissent from, and

solemn protest against, the passage by Council of a Bill entitled, "An Ordinance to Authorize a Subscription on the part of the City, to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon :"—

Because, of the existence on their minds of a well established and reasonable doubt as regards the lawfulness of the proposed subscription by the City, and, of their authority to borrow money, and to levy and collect taxes on the inhabitants thereof, for any purposes except those which are strictly municipal—and for "the promotion of trade, industry and happiness *therein*."

Whatever may have induced our predecessors in Councils to depart from a wholesome and obvious construction of the fundamental laws of the City, it is not necessary here to inquire; but the undersigned are satisfied that such acts *ought to have no force as precedents* to influence members of Council to enact the proposed Ordinance, inasmuch as no special legislation was asked for or obtained from the State of Pennsylvania to sanction the proceedings referred to; and hence the doubt of their legality. But *if* it should be otherwise, and the ordinances for building and using an Ice Boat on the River Delaware, the subscription to the Schuylkill Navigation Company, &c., be hereafter approved by a competent legal tribunal, this can hardly be adduced as an argument against the exercise of a sound discretion by the undersigned, in relation to any measure uncertain in its results, and questionable as respects its legality and expediency, and especially such as that of the subscription to a railroad company, which, if entered into, will, in the opinion of the undersigned, bring upon the City a state of embarrassment naturally produced by extra-municipal operations, if not eventually the prostration of her fiscal energies and the destruction of her credit.

It is also very clear to the apprehension of the undersigned, that the general clause of the act of Assembly, incorporating the "Pennsylvania Railroad Company," which designates those who may subscribe to its capital stock, *does not, neither can it ever have been intended to give to any corporate body the legal right so to subscribe, unless they possessed that power or right before by special authority*. The undersigned therefore protest against any such interpretation of said law, as subversive of the rights of their constituents, and against every principle of sound policy; seeing that such doctrine, if established, might justify the widest schemes of speculation and adventure.

The undersigned are therefore compelled to claim the last privilege of a minority, and earnestly protest against the passage of the said Ordinance by Councils.

A message from Select Council

Informed that they had passed the following, to wit :

WHEREAS, These Councils have been officially informed of the death of FREDERICK GRAFF, Esq., who at the time of his death held, and for nearly half a century had held the important situation of Superintendent of the Water Works of the Corporation :

And whereas, The official relations of the deceased with the City were at all times distinguished by the strictest fidelity and the constant devotion of time, and of commanding talents admirably suited to the important duties of his office : Therefore,

Resolved, That in the death of Frederick Graff, Esq., Philadelphia sustains the loss of a valuable citizen, and the Corporation is deprived of the services of an officer whose extraordinary talents were especially adapted and constantly devoted to the improvement and enlarged usefulness of the branch of civic economy, whose formation, direction, extension and general usefulness were submitted to his superintendence.

Resolved, That while these Councils feel and deplore the loss of a good citizen, and an upright, faithful and highly gifted officer, they are sensible of the deep domestic affliction which the death of Mr. Graff has produced, and they respectfully tender to the family of the deceased, their sympathies in the grief consequent upon this visitation of Providence.

Resolved, That these Councils will attend the funeral of the late Mr. Graff, and that the Mayor, Recorder, and Sheriff, and the officers of the City, be respectfully invited to accompany the Councils and assist in paying this token of respect to the memory of a faithful officer of the Corporation.

Resolved, That a copy of these proceedings be conveyed to the family of the deceased.

Which was unanimously passed.

So Common Council concurred.

On motion, it was

Ordered, That Select Council be informed that this Council is ready to receive them in their chamber for the purpose of proceeding in a body to attend the funeral of the late Frederick Graff, Esq.

After a short time the President, Clerk and Members of Select Council entered.

Councils being assembled in Convention,
The President announced the object thereof.

On motion,

Mr. Gilpin of the Select, and Mr. Mentz of the Common Council, were appointed a Committee to wait upon the Mayor, Recorder and Sheriff of the City, and invite them to accompany Councils.

After a short time, the Committee returned accompanied by the Mayor and Sheriff, who with the Select and Common Councils proceeded to attend the funeral.

After which, Common Council returned to their chamber, and

Which was read, and referred to the Committee on Police.

Mr. Campbell

From the Committee on Legacies and Trusts, made a report (*Appendix No. 40*.) with the following annexed :

Resolved, That it shall be the duty of the Policemen present at any fire within the City, to remove and disperse any persons who may crowd upon or interfere with the firemen in the discharge of their duty, at the request of any of the Engineers appointed by the Committee on Legacies and Trusts : and it shall also be the duty of said Policemen, to close any fire plug when directed so to do by any of the Engineers aforesaid.

Resolved, That the Mayor be authorized and requested, on behalf of the Mayor, Aldermen and Citizens of Philadelphia, to release from the lien of a judgment entered in the District Court for the City and County of Philadelphia, on the 20th day of July, 1846, to June Term, 1846, No. 200, in which the Mayor, Aldermen and Citizens of Philadelphia are plaintiffs, and James D. Wilson, George C. Miller and Eli H. Eldridge are defendants, all that certain lot or piece of ground, situate on the north side of Washington street, at the distance of sixty-eight feet eastward of the east side of Eleventh street, continued in the District of Spring Garden, in Penn Township, in the County of Phila-

delphia, containing in front or breadth on the said Washington street sixteen feet, including the westernmost half part of a two and a half feet wide alley on the east side thereof, and extending of that width northward, making with the north line of Washington street running eastward an angle of eighty-nine degrees and two minutes, in length or depth fifty-two feet ten inches and a quarter on the west line thereof, and fifty-two feet seven inches on the east line thereof. Bounded eastward partly by the said two and a half feet wide alley, and partly by ground intended to be granted to Eli H. Eldridge on ground rent; westward partly by a three feet wide alley, and partly by ground of Charles Robb; and southward by said Washington street, belonging to George C. Miller, one of the said defendants: *Provided*, The other defendants in said judgment consent thereto.

Which was read.

On motion,

Council proceeded to the second reading and consideration of the first resolution annexed to the report.

When the same was agreed to.

Another message

Informed that Select Council had passed the following, to wit :

The Select and Common Councils of the City of Philadelphia recognise the valuable services of the late **FREDERICK GRAFF**, Esq., as Superintendent of the Fair Mount Water Works, and deem it due to his memory, to make some public and permanent expression of their sense of his successful devotion to the interests of the City for nearly half a century, in which time he conducted to completion the works, from which our fellow citizens derive one of the necessities of life, and which is the great conservator of public health ; his good taste at the same time being exercised to give attractions to the place, and to make the beauty of Fair Mount equal to its means of usefulness. Therefore,

Resolved, That the Watering Committee be, and it is hereby instructed to cause to be erected on the City grounds at Fair Mount, an appropriate monument to Frederick Graff, and the sum of two thousand dollars is hereby appropriated to the Watering Committee for that purpose.

Which was twice read, and passed.

So Common Council concurred.

Another message

Informed that Select Council had passed the following, to wit :

The Councils of Philadelphia, having heard that **DAVID CONNER**, Esq., has returned from the command of the United States Squadron in the Gulf of Mexico, and believing it to be a duty to express their approval of the services of a citizen in behalf of the Republic, do

Resolve, That the thanks of these Councils be, and they are hereby presented to David Conner, Esq., for the able discharge of his duties in the command of the Gulf Squadron, and especially for his masterly and humane efforts in landing the United States troops and seamen from his squadron, for an attack upon the city of Vera Cruz, by which the object of the expedition was promoted without the sacrifice of a human life.

Resolved, That Councils congratulate Commodore Conner upon his return to his residence in this city.

Resolved, That an attested copy of these proceedings be forwarded to Commodore Conner.

Which was read twice, and passed.

So Common Council concurred.

Which was read, accepted, and ordered to be placed upon the Journal; and was as follows, to wit:

To the Common Council:

Having accepted the nomination as a candidate for Common Council for the present year almost solely with a view to contribute my humble efforts toward securing a subscription on the part of the City to the Stock of the Pennsylvania Railroad Company, without which I be-

lieved that great work, so important to the best interests of my native city, could not be accomplished; and that object being effected, and the construction of the Central Railroad thereby secured beyond a doubt,—and admonished by the state of my health, and advised by my physicians and friends, I hereby tender my resignation as a member of Common Council.

Although frequently differing in opinion with many of you, I have always entertained and still cherish the kindest feeling of respect for every member of each branch of Councils. Hoping that you may continue to govern the affairs of our beloved city with that wisdom which will secure its continued prosperity,

I remain your assured friend,

HENRY C. CORBIT.

Which was twice read, and passed.

So Common Council concurred.

Another message

Informed that Select Council had passed the following, to wit :

WHEREAS, The President, Managers and Company of the Schuylkill Navigation Company, to secure to Stephen Girard the payment of the sum of two hundred and thirty thousand eight hundred and fifty dollars, with interest, did by Indenture bearing date the 18th day of February, 1823, mortgage and pledge unto Stephen Girard, his heirs and

assigns, all their lands, tenements and hereditaments whatsoever and wheresoever situate, and all the dams and water power to them belonging, and all and singular the tolls thereafter to be received by them for the navigation of their or any of their locks, canals and waters: as by reference to said Indenture of mortgage will appear.

And whereas, The said the President, Managers and Company, &c., to secure the payment of the further sum of two hundred and fifty thousand dollars, to individuals who had loaned to them that amount, with interest, did by Indenture bearing date the 29th November, 1823, mortgage and pledge unto Edward Burd, James C. Fisher and John Bohlen, their heirs and assigns, in trust for the security of the lenders of the aforesaid sum, all the before described and mentioned premises, subject to the said mortgage to Stephen Girard, as by reference to the said Indenture of mortgage will appear.

And whereas, Stephen Girard, in his lifetime, loaned to the said President, Managers and Company the sum of thirty-five thousand dollars, part of the last mentioned sum of two hundred and fifty thousand dollars, which was secured as aforesaid.

And whereas, The Mayor, Aldermen and Citizens of Philadelphia, as devisees and legatees of the said Stephen Girard, now own the mortgage debt and security first above recited, and the debt of 35,000 dollars secured by the last mentioned mortgage, and the security therefor.

And whereas, The President, Managers and Company aforesaid, by the conversion of loan into stock, and by cash payments, have reduced the loan secured by the last mentioned mortgage to the sum of about thirty-one thousand dollars, nearly all of which is owned by the Mayor, Aldermen and Citizens of Philadelphia, as above recited.

And whereas, The said President, Managers and Company have requested the Mayor, Aldermen and Citizens of Philadelphia to release from the lien of the said mortgages the property hereinafter described, in consideration of the sum of two thousand six hundred and eighty-one dollars, to be paid by the said Company to the said the Mayor, &c., in part payment of the last mentioned loan: Therefore,

Resolved, That upon the payment of two thousand six hundred and eighty-one dollars by the President, Managers and Company of the Schuylkill Navigation Company, to the Treasurer of the Girard Fund, the Mayor be, and

he is hereby authorized on behalf of the Mayor, Aldermen and Citizens of Philadelphia, to release from the lien of the first above described mortgage, and John Bohlen, surviving Trustee, be, and he is hereby authorized to release from the last mentioned mortgage the following described property in a certain lot or piece of ground situate on the River Schuylkill, in Manheim Township, Schuylkill County, and State of Pennsylvania. Beginning at a stake set for a corner, being the south-east corner of a sixty feet lot, sold to the Schuylkill Coal Company, thence down the margin of the River Schuylkill south twenty-seven degrees, east seventy feet and eight-tenths of a foot, to a point in a line with the upper end of the wing wall of the guard lock, opposite the breast of the Mount Carbon Dam, thence south sixty-seven degrees, west fifty feet to a point, thence south twenty-seven degrees, east eighty-nine feet and two-tenths of a foot to a stone, thence south sixty-seven degrees, west about three hundred and forty-one feet to the line dividing the land of ——— Lewis and the Navigation Company, thence along the same north thirty-three degrees, west about one hundred and sixty feet to the line of the lot sold to the Schuylkill Coal Company, being the south-west corner thereof, thence along the same north sixty-seven degrees, east to the place of beginning: And a certain lot or piece of ground situate in Manheim Township, in the County of Schuylkill, State of Pennsylvania; beginning at a post in the line of land of Robert and Lawrence Lewis, a corner of a lot sold to Frederick Lauderbrun, thence along the said Lewis's land north thirty-three degrees, west thirty-five feet, thence by land of John White north sixty-seven degrees, east to the centre of the turnpike road, thence along the middle of the said road south-easterly thirty-five feet to the line of the said lot sold to Frederick Lauderbrun, thence by the same south sixty-seven degrees, west to the place of beginning.

Provided, That the said releases shall not be construed to affect, alter or diminish the lien of the said mortgages for the whole sum due thereon, on the other remaining parts of the premises granted and described in the said before mentioned Indentures of mortgage, nor the power to take out execution in conformity with the said mortgages, and to proceed thereon for the sale of the other said parts.

Which was read twice, and passed.

So Common Council concurred.

Another message

Informed that Select Council had concurred in the Bill from Common Council, entitled "An Ordinance Fixing the Salaries of the High Constables, and the Day Policemen, and making an Appropriation therefor," with the following amendments, to wit: In the first section, strike out the words "seven dollars and fifty cents," after the word "thirty" in the tenth line, and insert in lieu thereof the words "five dollars." And in the second section, strike out the words "five hundred and ninety," where they occur in the fourth line, and insert in lieu thereof the words "three hundred and eighty."

Which was read.

Mr. Poulson

Moved that Common Council concur in the amendments of Select Council.

Mr. Souder

Moved to amend the motion, by inserting the word "non" before the word "concur."

Which was agreed to.

So Common Council non-concurred in the amendments of Select Council.

Which was read.

On motion,

Common Council concurred in the amendments of Select Council.

Mr. Hagert

Offered the following :

WHEREAS, The labours of this Council being about to close, the members cannot sunder the official tie which has connected them with their President, without perpetuating on the records of Common Council their deep sense of his merits as an officer and of his worth as their colleague : Therefore,

Resolved, That the thanks of the Common Council are due, and are hereby cordially tendered to SAMUEL NORRIS, Esq., for the faithful and impartial discharge of the duties of President of said Council ; that they regret his determination to retire from his present station, and that their warmest wishes for his future welfare will continue towards him in all the walks of private life.

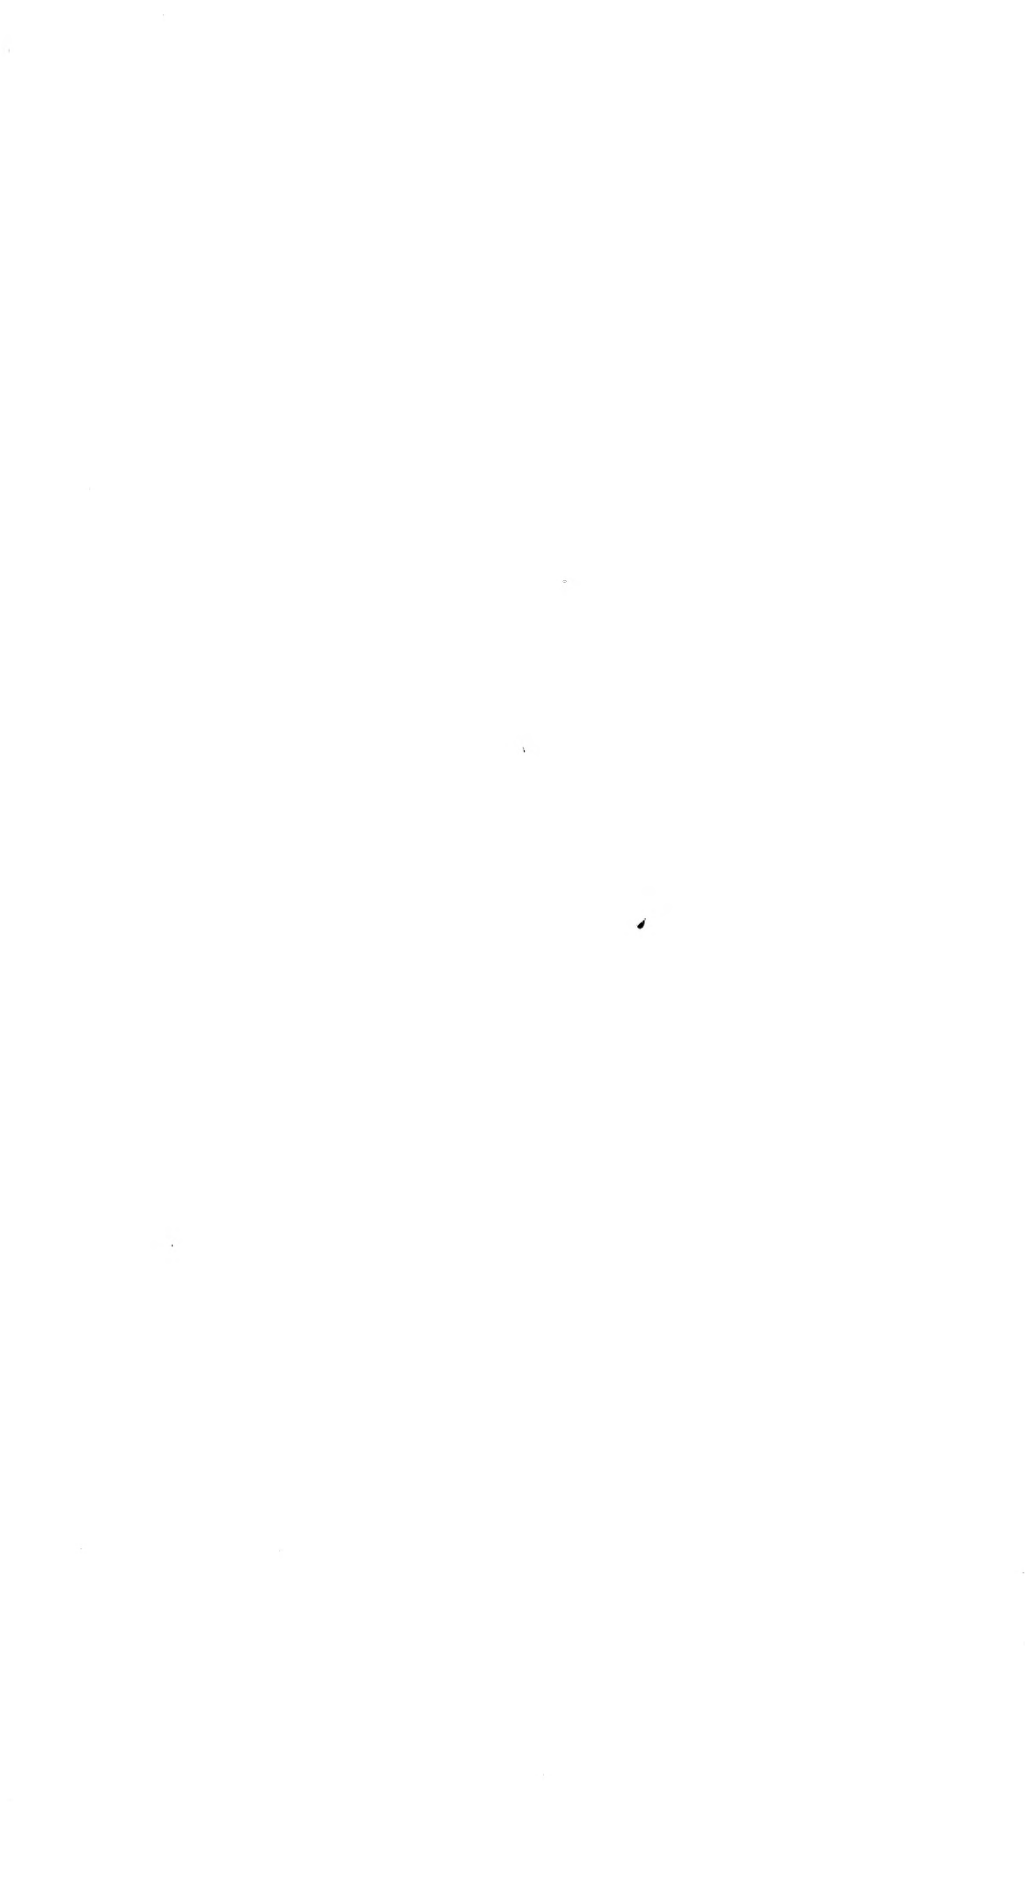

Which was read.

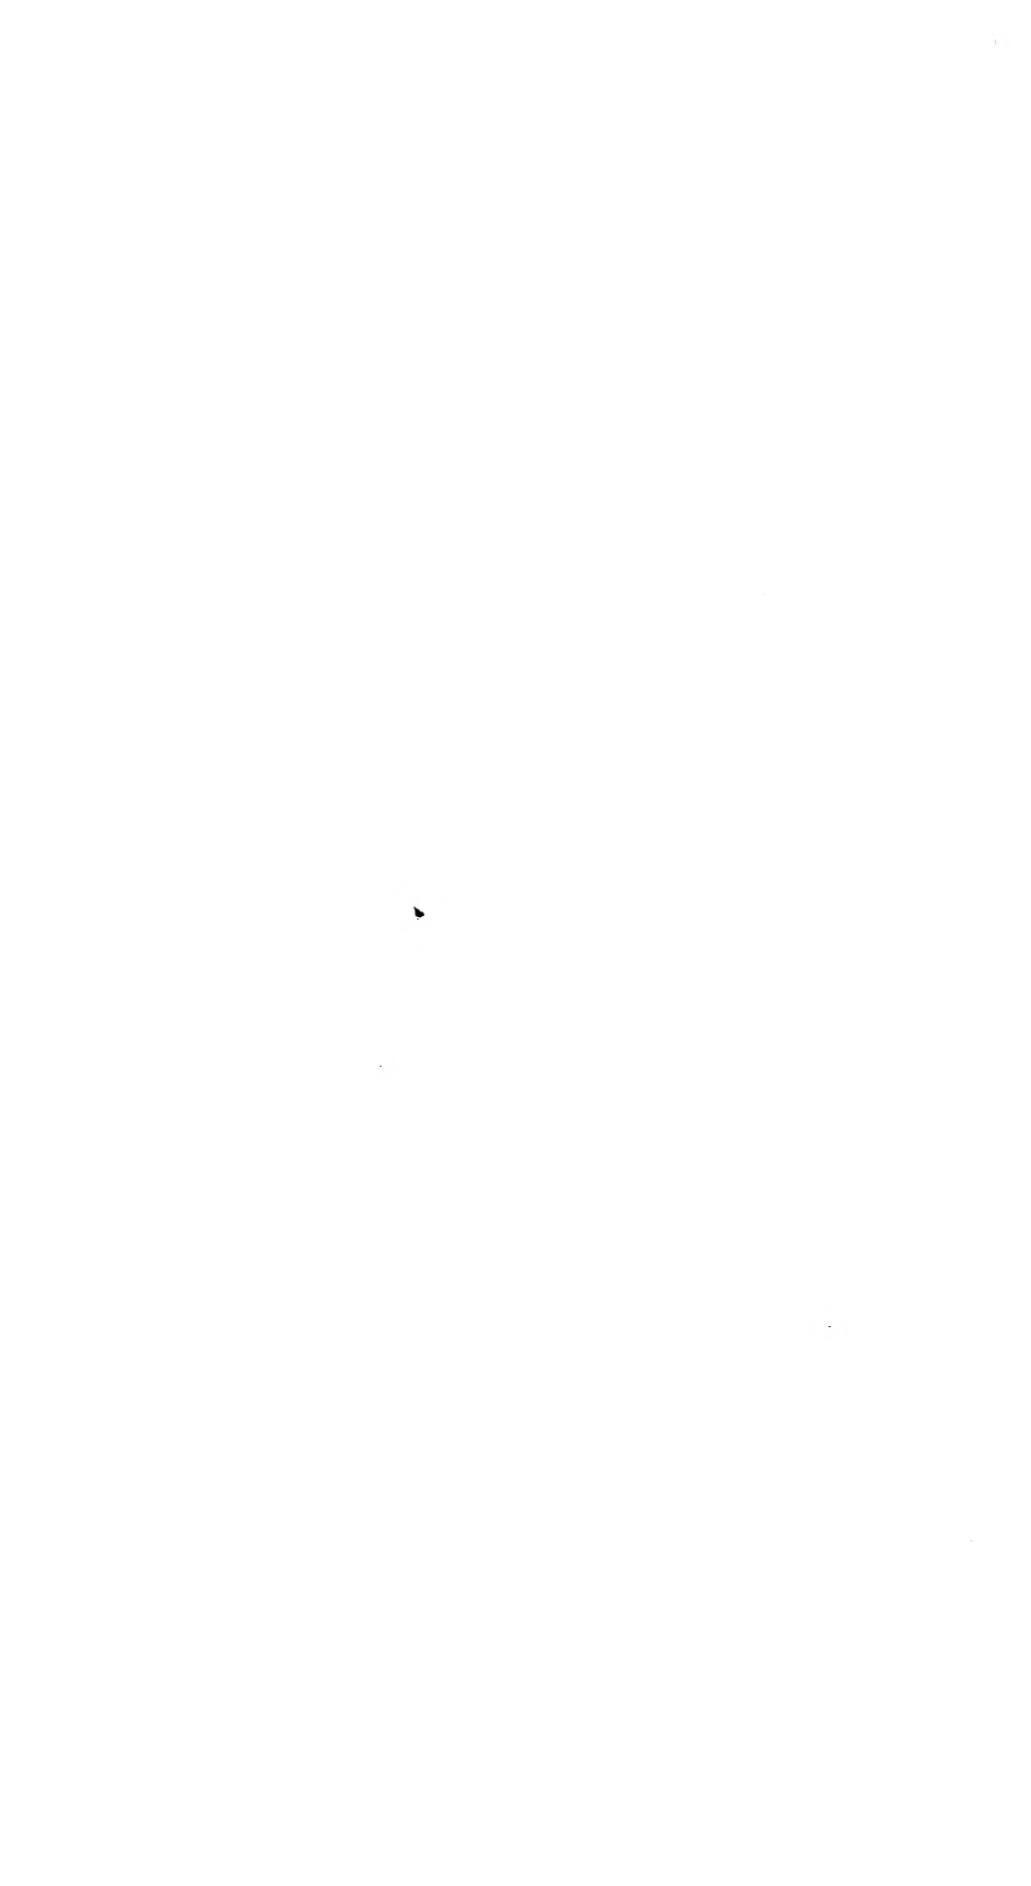

On motion,

Council proceeded to the second reading and consideration thereof.

When the question on the same was put from the Clerk's table, and *unanimously* agreed to.

Adjourned.

APPENDIX

TO THE

JOURNAL OF THE COMMON COUNCIL.

APPENDIX, No. I.

To the Common Council of the City of Philadelphia :

THE Committee appointed to take charge of the unfinished business of the late Council,

REPORT—

That they have carefully examined the Journals. The only subject which requires notice is a report from the Committee on Public Highways, in relation to placing Caps or Logs on the Wharves on the Eastern front of the City, which was referred to the early attention of the next Councils.

This the Committee suggest should be recommitted to the Committee on Public Highways, and offer a resolution to that effect.

Philadelphia, October 22, 1846.

GEO. CAMPBELL,
JOHN C. DAVIS.

Resolved, That the petition of citizens asking that Caps may be placed on the Wharves along the Delaware front of the City, presented on the 10th September last, be re-committed to the Committee on Public Highways.

APPENDIX, No. II.

An Ordinance

To Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon.

WHEREAS, a large portion of the Western trade, once enjoyed almost exclusively by Philadelphia, has already been diverted from her, and the remainder is seriously endangered by the rival projects of other cities and states. And whereas, a continuous Railway, connecting this city with the Ohio river at Pittsburgh, and with the Lakes by means of the railroad from Pittsburgh to Cleaveland, and other roads extending westward now in progress or contemplated, will not only restore to Philadelphia that portion of the trade of which she has been deprived, but add immensely to the amount of her internal and foreign commerce; enhance the value of real estate, augment the corporate income, lessen the burthen of taxation on the citizen, and greatly increase the general prosperity.

AND WHEREAS, it is the interest and duty of the Corporate Authorities to stimulate private enterprise, in the present emergency, and to aid in securing, before it is too late, the great advantages of the proposed railway connection, thereby carrying out the great objects of the corporation, which in the charter are declared to be, the *welfare* of the city and "the promotion of trade, industry, and happiness therein:" Therefore,

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That the Mayor of the City be, and he is hereby authorized and required to subscribe in the name of the Mayor, Aldermen and Citizens of Philadelphia, for *Thirty Thousand Shares* in the capital stock of the Pennsylvania Railroad Company, whenever the like amount of Thirty Thousand Shares shall have been subscribed by others in conformity with the provisions of the charter of said Railroad Company; and in like manner for an additional *Ten Thousand Shares* when an additional Ten Thousand

Shares shall have been subscribed as aforesaid by others and seventy-five miles of said railroad shall be finished and in use; and in like manner for a further and final amount of *Ten Thousand Shares* when the like further amount of Ten Thousand Shares shall have been subscribed as aforesaid by others and one hundred miles of said railroad shall be finished and in use.

SECTION 2. That to provide for the payment of the respective instalments on said shares of stock, as the same may become due and payable, according to the provisions of the act incorporating the said Railroad Company, the Mayor shall be, and he is hereby authorized from time to time to raise by loan on the best terms he can obtain, and at the rate of interest not exceeding Six per centum per annum, payable half yearly on the first days of January and July, such sum or sums as may be necessary for the purposes aforesaid, not in the whole exceeding Two Million Five Hundred Thousand Dollars, for which certificates shall be issued in the usual form, in such sums as may be convenient to the lenders, not however for any fractional part of One Hundred Dollars; the said loan to be redeemable on the first day of one thousand eight hundred and seventy , and not before without the consent of the holders of said certificates, which shall be transferable in like manner with other certificates of City debt, and any premium which may be obtained on said loan, shall be placed to the credit of the Sinking Fund.

APPENDIX, No. III.

An Ordinance

For the Election of the Officers of the Watering Committee.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Select and Common Councils shall, in the month of November, in every year hereafter, or when any vacancy shall occur, by death, resignation, or otherwise,

elect in joint meeting, a Superintendent of the Water Works and a Register, who shall hold their offices for one year, from the date of their election, or until their respective successors are elected, unless sooner removed by a resolution of Councils.

SECTION 2. That so much of any ordinance as is hereby altered or supplied, be, and the same is hereby repealed.

APPENDIX, No. IV.

To the Select and Common Councils:

The Committee on Public Highways report the subjoined Bill, which they recommend Councils to pass.

Respectfully, &c.

An Ordinance

Making an Appropriation to the Committee on Public Highways for Repaving over Water Pipes in Water Street.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That the sum of Seven Hundred Dollars, out of the income of the fund appropriated under the twenty-second item of the Will of Stephen Girard for the improvement of the Eastern front of the City and Delaware Avenue, be, and the same is hereby appropriated to the Committee on Public Highways, for the purpose of repaving over Water Pipes in Water Street: the said sum to be paid into the City Treasury by the Treasurer of the Girard Fund upon the requisition of the Committee on Public Highways.

APPENDIX, No. V.

To the Select and Common Councils :

The Committee on Police beg leave to submit to Councils the following communication from Edward Olmsted, Esq., City Solicitor, exhibiting a statement of the reimbursement of a portion of the money expended by the authority of Councils during the prevalence of, and on account of Riots in May and July, 1844.

CHARLES A. POULSON, Esq.

Chairman Com. on Police.

DEAR SIR—I send you herewith the vouchers and papers which you furnished me, relative to the sums expended by the Police Committee during the riots in the months of May and July, 1844.

It appears by a report made by you to Councils on the 26th September, 1844, that the sum expended by the Police Committee on the occasion referred to, was \$14,023 18
Less amount received from sale of some arti-

cles,	-	-	-	-	-	-	-	18 01
-------	---	---	---	---	---	---	---	-------

Leaving actually expended the amount of	\$14,005 17

In 1845, the County Commissioners paid to
the City on account of these expenditures
the sum of - - - - - \$ 2,269 44

Amount carried forward, - - -	2,269 44
-------------------------------	----------

Amount brought forward, - - -	\$2,269 44
In 1846, the Commonwealth refunded to the City the amount paid for the transportation of troops and hospital stores, being - -	2,595 26
On 28th October, 1846, the County Commissioners paid the further sum of - -	8,000 00
	<hr/>
	\$12,864 70
	<hr/>
Leaving a balance of - -	1,140 47
	<hr/>

Of this sum, the amount of \$234.79 was expended by the Committee in journey to New York and Boston, - - - -	\$234 79
The Committee on Finance directed an abatement of \$231.51 from the bill presented to the County Commissioners, by way of compromise, - - - -	231 51

The difference between these two latter sums, added to the amounts reimbursed to the City, amounting to \$674.17, was made up of items for which it was thought the County was not responsible.

Yours truly,

EDW. OLMSTED, *City Solicitor.*

APPENDIX, No. VI.

To the Select and Common Councils:

The Committee on Public Highways

REPORT—

That they have duly considered the numerous signed memorials in reference to Caps Logs on the Wharves on

the Delaware front of the City, and recommend the passage of the subjoined Bill providing therefor.

Philadelphia, November 12th, 1846.

An Ordinance

Relating to the Wharves on the River Delaware.

WHEREAS accidents are constantly occurring on the Delaware front of the City, by horses and drays falling into the river and docks in consequence of the want of a barrier on the sides and front of the Wharves; to remedy which,

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That it shall be the duty of every owner or agent of such owner of any Wharf on the River Delaware in front of the City of Philadelphia, to place or cause to be placed on every side of such Wharf which shall be next the river or dock, a Cap Log, which shall be at least eight inches in height from the level of such wharf, and scalloped or pierced on the lower side thereof in such manner as to allow the water to run off from the wharf.

SECTION 2. That if any such owner or agent shall refuse or neglect to place such Log as aforesaid after notice to that effect by the City Commissioners, he or she shall forfeit and pay the sum of Fifty Dollars, to be recovered as debts of like amount are by law recoverable.

APPENDIX, No. VII.

To the Select and Common Councils :

The Committee on Public Highways

REPORT—

That they have considered the petition of sundry citizens asking that Barley street may be repaved ; and after examination, have directed the City Commissioners to repair said street.

The attention of the Committee has been called to the condition of Mickle's Court ; and they annex a resolution directing the owners of property to have the same repaved.

The Committee also report a Bill in relation to Water street.

Philadelphia, December 3d, 1846.

 DANIEL L. MILLER,
 JESSE GODLEY,
 SAUNDERS LEWIS,
 JAS. J. BOSWELL,
 ALGERNON S. ROBERTS,
 A. J. LEWIS,
 J. R. TYSON.

Resolved, That the owners of property on Mickle's Court, extending southwardly from Mulberry street, west of Delaware Second street, be directed to have said Court curbed and paved.

An Ordinance

Relating to Water Street.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That the Committee on Public Highways be, and they are hereby authorized and directed to pay to William Wurts, Trustee for Anna Wurts, the sum of One Thousand Four Hundred and Thirty-two Dollars and Ninety-two Cents, and to Charles M. Dupuy, Jr., Trustee of M. K. Dupuy,

the sum of One Thousand Two Hundred and Ninety-two Dollars and Sixty-eight Cents: the said amounts being the amount of damages sustained by the property of the said parties, situate on the west side of Water Street between High and Chestnut Street, by the laying out of Water Street anew, as assessed by a jury appointed by the Court of Quarter Sessions to assess the damages done to certain property in Water Street by the laying out of Water Street anew, by their report filed 13th June, 1846.

SECTION 2. That the sum of Two Thousand Seven Hundred and Twenty-five Dollars and Sixty Cents, out of the income of the fund appropriated under the twenty-second item of the Will of Stephen Girard for the improvement of the Eastern front of the City and Delaware Avenue, be appropriated for carrying into effect this Ordinance: to be paid in the manner that appropriations for Delaware Avenue are directed to be paid in the several ordinances relating thereto.

APPENDIX, No. VIII.

To the Select and Common Councils:

The Committee on Public Highways

REPORT—

That they have duly considered the subject of paving with cubical blocks of stone, and unite in opinion with several former Committees and with the Committee on Science and the Arts of the Franklin Institute, that this description of paving combines in a more eminent degree all the advantages of a permanent, beautiful and economical pavement than any other yet discovered. The only objection which has been alleged against it, is the *first* cost. If the whole city was to be paved immediately in this way, the objection might be a valid one; but it is proposed to pave only one or two squares during the season, so that the trifling additional expense will present no serious obstacle.

The Committee therefore report back the resolution re-

ferred to them by Common Council, and recommend its adoption.

Philadelphia, Dec. 3d, 1846.

DANIEL L. MILLER,
JESSE GODLEY,
SAUNDERS LEWIS,
JAS. J. BOSWELL,
ALGERNON S. ROBERTS,
A. J. LEWIS,
J. R. TYSON.

Resolved, That the Committee on Public Highways be authorized and directed to contract for sufficient Cubical Blocks of Stone, to pave two Squares during the ensuing year, said Squares to be hereafter designated by Councils.

APPENDIX, No. IX.

To the Select and Common Councils of the City of Philadelphia :

The Committee on Legacies and Trusts

REPORT—

That on the 29th day of January last, the Councils, on the suggestion of the Committee, adopted a resolution to memorialize the Legislature for authority to the Corporation to pass ordinances to prevent Fire Companies, unless duly authorized, from interfering at fires or using the water.

That your Committee accordingly prepared a memorial, which was presented to the Legislature then in session, which was favourably received, but owing to the lateness of the session and the press of other business, could not then be acted on.

The Committee regret to state that the same difficulties and disturbances still exist, and the necessity of some further legislative authority is required. They therefore submit the adoption of a resolution similar to that of last year,

so that a memorial may be prepared and presented at an early period of the legislative session.

All which is respectfully submitted.

RESOLUTION.

Resolved, That the Presidents of Councils be requested to memorialize the Legislature for the passage of an act which shall authorize the Select and Common Councils to pass ordinances to prohibit companies or individuals not authorized by ordinance of said Councils to take any apparatus to fires for the purpose of extinguishing the same. And that the Committee on Legacies and Trusts be directed to attend to the prosecuting the same.

.

APPENDIX, No. X.

The Finance Committee, to whom was referred on 19th November last the Bill introduced in Select Council on the 12th of same month by Mr. Roberts in his place, entitled "An Ordinance Supplementary to an Ordinance entitled 'An Ordinance to Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon,'" have had the same under consideration, and recommend that all be stricken out after the enacting clause, and that the ordinance now submitted be adopted in lieu thereof.

Previous, however, to action being had, they respectfully present to Councils, very briefly, the reasons by which they have been governed.

The only legitimate resources of the City to meet *all* current and ordinary expenditures are her corporate income and taxes, both of which, under the scheme of finance, *long acted on*, are passed as soon as received, to the credit of the General Appropriation Account, on the books of the Treasurer; all appropriations, whether general or special, of those funds, to meet the public wants, are, when made by ordinance, charged to the General Appropriation Account and placed to the credit of the committees or committee having charge of the disbursement, and on whose requisition the money is drawn from the Treasury, except the appropriations to the Sinking Fund, which are credited to that account, and then become subject to the control and investment of the Committee on Finance.

The only appropriations which have any thing of a fixed or permanent character are those to the Engine and Hose Companies, to the Ice Boat, and to the Sinking Fund—though *they* are subject to modification by Councils, and for convenience, or perhaps from some supposed necessity are included in the General Appropriation Bill;—all other appropriations are annual and general,—or it may be, *special* upon some emergency.

It has not been the practice for years past, to keep separate the receipts from corporate income and taxes;—they went into a common receptacle,—the General Appropriation Account,—forming a general mass from which all appropriations, general and special, permanent and annual, were taken indiscriminately.

Such is the practical operation of our system as shown by the books of our Treasurer for years past.

Pledges of the one or the other of these two funds were not uncommon for a number of years after the grant of the present Charter: there are several reasons to be assigned for this cause, perhaps.—viz.,—the two funds were kept separate in all the accounts of the City,—the debt to be secured was generally temporary, as in anticipation of taxes, or contracted for some object expected to be productive of revenue, and that revenue was devoted to the discharge of the debt incurred for it; and further, appropriations made by ordinance were especially charged on the one or the other fund as they were considered to be properly a burden on the one or the other of them.

When the Income and the Tax Fund ceased to be kept

separate and distinct after temporary loans had ceased, and general appropriations were not specifically charged, and the debt of the City became funded, the practical importance, if not the real utility of such pledges ceased also,—though they continued in practice in the Water Loans, and provision made for a Sinking Fund for the redemption of the debt. For all debts due, became generally chargeable to the General Appropriation Account, and the redemption of all matured Loans generally chargeable to the same account and specially chargeable to the Sinking Fund—and all liabilities when ordered to be paid were discharged out of the general fund in bank in the order and time of presentation while the fund sufficed, without reference to particular account or head to which in account they were chargeable.

So long as the cash to the credit of the City in bank held out, demands were met. When the cash was exhausted all pledges and appropriations must practically have ceased to have any effect towards the payment of a debt.

Under the present system of payments on the requisitions of committees, all control of Councils over the cash in the Treasury ceases after appropriations are made to the committees, who can and do continue to draw for objects within their sphere, money from the Treasury while any remains, without any reference to the sources from which it is derived.

Hence, it appears manifest to the Committee, that in order to continue a system, which, for a number of years has been found so entirely practicable, and has also in its results been so highly beneficial, inasmuch as, in part, the character of our Loans has risen to an elevation rarely equalled, and not surpassed, it is absolutely necessary to adopt this Bill, embracing as it does in its essentials, points so important.

All which is respectfully submitted.

Supplementary to an Ordinance entitled “An Ordinance to Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon,” to make Provisions for the Redemption of the City Debt.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That whenever any of the real and corporate estates of the City shall be sold, the proceeds thereof shall be set apart and appropriated to the Sinking Fund, to be managed and invested as heretofore provided by ordinance, and any of the Stock of the said Railroad which the City may hereafter hold by virtue of the said ordinance to which this is a supplement, and the proceeds of any sales of said stock shall in like manner be set apart and appropriated to the Sinking Fund.

And in addition thereto and to other existing appropriations to the Sinking Fund, the sum of one-half of one per cent. on the par value of all Loans created and issued by virtue of the ordinance to which this is a supplement, shall be appropriated quarterly to the Sinking Fund out of the income of the real and corporate estates of the City, in manner following—that is to say—on the first day of February, 1847, the one-half of one per cent. of the par value of all of said Loan issued before that time, and so on quarterly thereafter, the one-half of one per cent. of the par value of all said Loan issued prior to the first days of the several months of May, August, November and February thereafter shall be permanently appropriated to the Sinking Fund in the manner now prescribed by existing ordinances.

APPENDIX, No. XI.

A Supplement

To an Ordinance, entitled "An Ordinance relating to the High Street Market Place," passed on the 29th of December, 1831, repealing a certain portion thereof.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That so much of the seventh section of an Ordinance, entitled, "An Ordinance relating to the High Street Market Place," passed on the 29th day of December, A. D. 1831, as relates to the occupancy of Second Street, between High and Chestnut Street, as "a stand for horses and vehicles on which people from the country may expose for sale the produce of their farms and gardens free of rent," be, and the same is hereby repealed.

APPENDIX, No. XII.

An Ordinance

Relating to Sheds on Delaware Avenue.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the operation of an Ordinance passed June 18th, 1846, entitled "A Supplement to an Ordinance passed the 29th day of January, 1846, entitled 'An Ordinance to Prohibit the Construction of certain Wharves and Buildings therein described and to Prohibit Obstructions to the Eastward of Delaware Avenue,'" be, and the same is hereby postponed until the first day of April, 1847."

APPENDIX, No. XIII.

CITY COMMISSIONERS' OFFICE,
Philadelphia, January 6th, 1847.

To the Select and Common Councils of the City of Philadelphia :

GENTLEMEN,—In compliance with an Ordinance of Councils of December 26, 1833, I herewith transmit to your honourable bodies “an exact copy of the Rent Roll of the Corporation (exclusive of the Estates devised by the late Stephen Girard,) with the names of the several tenants or occupiers of the respective estates, the commencement and duration of the several terms and leases, and the rents reserved thereout,” and including *Incidental Rents*, consisting of rents for the temporary occupation of stores, and storage of goods; and *Incidental Receipts*, from sales of sundry articles; and also including *Market Rents*, as well as Storage, Innage, Outage, and Inspection of Tobacco, at the *Tobacco Warehouse*, and for *Interments* at the City Burial Ground, Penn Township; exhibiting the amount actually received from these sources during the year eighteen hundred and forty-six.

Respectfully submitted.

Resolved, That the City Commissioners, under the direc-

tion of the Committee on Public Highways, be authorized to permit William Beach to lay in such Street as said Committee may designate, a specimen of not less than fifty feet of his cast iron tramways;—provided the same is done without expense to the City.

An Ordinance

Making a Temporary Appropriation to the Committee on Public Highways.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the sum of Three Thousand Dollars be appropriated to the Committee on Public Highways; said sum to form a part of, and to be deducted from the annual appropriation to said Committee for 1847.

An Ordinance

Relating to Water Street.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Committee on Public Highways be, and they are hereby authorized and required to pay to James Robertson, Richard H. Bayard, James S. Newbold, Herman Cope and Thomas S. Taylor, Assignees of the President, Directors and Company of the Bank of the United States in trust for Creditors, the sum of One Thousand Five Hundred Dollars, which amount the said Assignees have agreed to accept as compensation for injury done to property held by said Assignees as aforesaid, situate on the west side of Water Street, commencing at the distance of one hundred and fifty feet from the north side of Chestnut street, and extending in front on said Water street northward twenty-two feet three inches more or less, by taking a portion thereof from the front on Water Street, by the laying out of Water Street anew.

SECTION 2. That the sum of One Thousand Seven Hundred Dollars out of the income of the fund appropriated under the twenty-second item of the Will of Stephen Girard for the improvement of the Eastern front of the City and Delaware Avenue, be appropriated to the expense of carrying into effect this Ordinance, and for the payment of incidental expenses connected with the assessment of

damages on Water Street, to be paid in the manner that appropriations for Delaware Avenue are directed to be paid in the several ordinances relating thereto.

APPENDIX, No. XVII.

APPENDIX, No. XIX.

REPORT

OF THE

BUILDING COMMITTEE

OF

GIRARD COLLEGE FOR ORPHANS.

To the Select and Common Councils of Philadelphia:

The Building Committee, in presenting their Fourteenth Annual Report, have much satisfaction in being able to announce to Councils, that the hopes entertained in their last report of an early completion of the College, have a fair prospect of being realized.

The work has been actively carried on during the past season, and no efforts have been spared to signalize the present year by the final completion of an edifice unsurpassed in this country, whether we regard the chaste and beautiful character of its architecture, or the great strength and solidity of its construction—a temple of elegance worthy the noble purpose for which it is to be dedicated, and an enduring memorial of the great “Merchant and Mariner” by whose munificent means it has been erected.

The Report of the Architect herewith submitted, will give the details of what has been effected during the past season. More would have been accomplished, had there not been much vexatious delay in the delivery of materials. This, however, will not affect future operations, and the Committee feel assured that by the ensuing spring, there will be sufficient materials on hand to insure the completion of the marble and stone work at an early period of the summer.

The interior of the main edifice and of the out-buildings will in all probability be finished in April or May, and the

regulation of the grounds and introduction of the water will engage the attention of the Committee as soon as the weather will permit. These, with the ceiling of the portico and a few minor details, comprise all that remains to be done before the buildings will be ready to receive the furniture.

The Committee have not thought it advisable to take any steps towards furnishing the buildings, deeming it better to wait until Councils shall have decided on the plan for organizing the College, as this may materially modify the arrangements for this purpose.

In pursuance of an Act of the Legislature which received the assent of Councils, the Committee have caused the wall for enclosing the College grounds to recede thirty feet within the line; a similar cession of ground has been agreed to by the adjoining landholders, insuring the completion of an avenue sixty feet wide to surround the whole College area, which when properly graded and improved will form one of the most beautiful promenades in the country, and add much to the embellishment of the thriving District in which it is located.

Among the pleasing incidents of the past year, may be mentioned the reception of the Statue executed by Mr. Gevelot. Competent judges declare it to be a faithful likeness of Mr. Girard, and accord to it great merit as a work of art: thousands of our fellow citizens, as well as strangers, have been attracted to the College, anxious to behold this resemblance to the individual who had devoted the immense accumulation of a life of industry to objects of benevolence and for the promotion of the prosperity of his adopted city.

The Statue will occupy a position in the southern vestibule immediately opposite the door of entrance.

The Committee again take occasion to express the satisfaction afforded them by the competent manner in which the Architect has fulfilled the duties of his appointment. His labours on this great work will soon be terminated, but the fruits of those labours will remain for ages to confirm the justice of the tribute which the Committee now offer to his merits.

To the Superintendent of marble work, and to others engaged on the works, the thanks of the Committee are due for the very efficient manner in which they have performed their respective duties.

In conclusion, the Committee would state, that owing to

the liberal appropriation of last year, a large portion of which still remains unexpended, they do not consider it necessary to ask for any further appropriation at the present time.

Respectfully submitted.

PHILADELPHIA, December 26, 1846.

To the Building Committee of the Girard College :

GENTLEMEN,—The period having arrived when it devolves on me to lay before you an account of the progress of the work during the past year, I submit the following report.

The entablature and pediment of the northern portico, which were left in an unfinished state at the close of the previous year, were commenced early in the spring, and on the 29th of August the stone forming the apex of the pediment was laid with appropriate ceremonies, thus completing the entire peristyle. The vaulting of the portico, and the marble roof, were subsequently finished, and contracts were entered into for the fluting of the northern columns.

The contracts, referred to in my last report, for fluting the western columns, were all fulfilled in the month of April, so that nothing remains to complete the colonnade but the fluting of the *six* northern columns before alluded to, all of which will be finished by the first of February ensuing.

The marble for the steps and floor of the porticoes of the main building, and the steps and yard walls of the western out-buildings, amounting in the aggregate to 17,062 cubic feet, was contracted for early in the spring, with a fair prospect of receiving it in sufficient quantities to have enabled us to complete these portions of the work before the close of the season ; but I regret to say that unforeseen and

fortuitous circumstances have so interfered with the contractors as to have rendered it impossible for them to comply with their respective contracts; the quantity they have furnished amounts to 13,208 cubic feet, leaving a deficiency of 3,854 feet, which will, no doubt, all be on the ground in time to insure the prosecution of the work in the spring without further interruption.

The outside steps, and the portico floors on the northern front, and the western flank are done, and the corners returned an average distance of 60 feet on the southern front and 70 feet on the eastern flank. These steps, together with the portico floors, have all been constructed so as to allow a free passage of air, from the cellar, to circulate under them, as a preventive against the destructive action of the frost. The steps that are now finished measure, in the aggregate, 5,878 feet, and the lineal measure of those which remain to be done amounts to 2,999 feet, of which about 1,060 feet are now on the ground, and the contractors are actively employed in delivering the remainder.

The marble flooring of the interior of the main building, amounting to 37,790 superficial feet, has all been laid since the commencement of the season. The tiles used in the construction of these floors have all been prepared expressly for the work; they are sawed of uniform thickness, the edges are worked square, and they are well embedded in cement, so that it will be impossible for them ever to become loose, as is frequently the case with tiles in which the thickness is not uniform throughout.

The window sash of the main building have all been made, glazed and hung, and the carpenters are now engaged in hanging the interior doors, and in making the large front doors, which will be ready to be put up in the ensuing spring.

The window guards, and the iron railings for the stairways, are all under contract, and the greater portion of them ready to be put up.

The western out-buildings, which were not under roof at the date of the last annual report, have been enclosed and plastered during the year, and are now nearly completed; the carpenters being engaged in hanging the doors and finishing the wood-work, all of which will be accomplished in six or eight weeks. The marble stairways, ovens, and most of the other fixtures required in these buildings, have been finished; so that, as it respects the interior, but little remains to be done. The outside steps,

and the yard walls between the buildings, have not yet been constructed, in consequence of the delay experienced in the delivery of the marble; they will, however, be put in hands early in the spring, as a considerable quantity of the material is now on the ground, and a large portion of it has already been wrought.

The wall for enclosing the College grounds was put under contract in June, with the expectation that it would have been completed before the close of the season; we have, however, been disappointed, in consequence of the contractors for furnishing stone being unable to supply it as rapidly as they anticipated. The entire length of this wall will be 6,843 feet, of which 4,843 feet are completed, leaving 2,000 feet yet to construct, the most of the foundations of which are now laid.

The expenditures during the past year are \$135,814 90; the outstanding debts, including the retention on contracts, amount to \$37,000; and the wrought and unwrought materials now on the ground, which have been paid for, have cost about \$7,500.

In conclusion, I have the satisfaction to say that the work is now in such a state of forwardness as to leave no doubt that the whole establishment will be completed and ready for occupancy before the close of the ensuing season.

Very respectfully your ob't. serv't.,

THOMAS U. WALTER,
Architect Girard College.

APPENDIX, No. XXI.

To the Select and Common Councils :

THE Managers of the Wills Hospital, in submitting to Councils their Thirteenth Annual Report, feel no little satisfaction that each succeeding year serves only to extend the usefulness of the institution over which they preside, and to increase its reputation and character, both as an eye infirmary and as a hospital for diseases of the limbs.

During the past year the applications for admission of patients have been more numerous than heretofore ; yet, with few exceptions, they have been enabled to afford the relief that was sought for.

The noble bequest of our late friend and fellow citizen JAMES WILLS, is being employed we trust so as to confer upon the "Indigent Blind and Lame" the greatest amount of good of which it is susceptible. Yet, if the attention of more of our wealthy and benevolent citizens were turned to this charity,—so as materially to increase its funds,—the sphere of our usefulness might be greatly enlarged ;—especially if wings, with the modern improvements in the construction of hospital wards, could be added to the present building.

The Managers have had a portion of the upper story of the building divided into six small apartments, which affords that much additional room for patients at a trifling expense.

During the latter part of last spring the institution sustained the loss, by death, of our late worthy Steward, George Widdifield, whose efficient management and superintendence of the domestic concerns of the Hospital have been frequently alluded to in our reports. The Managers were so fully satisfied of the qualifications of his widow, Abigail Widdifield, to extend the same energy and care in the performance of the duties which devolve upon the head of such an establishment, that they have not hesitated to appoint and continue her in the office of Steward. They need only add that their expectations have been fully realized. Order, economy, cleanliness, and a kind attention to the comfort of the patients, mark the government of our Hospital.

It affords us pleasure to allude to the interest and professional skill manifested by the medical gentlemen, who continue to perform the responsible duties connected with visiting the patients in the house twice a week, and daily when necessary, throughout the year.

Besides the advantages thus conferred upon the patients regularly admitted, medical advice and medicines are freely furnished to a large number of out-door recipients, amounting during the past year to ninety-two.

The expenses of the past year amount to \$3,478 63, which were paid by monthly orders drawn upon the funds under care of the Committee on Legacies and Trusts, as follows :

For House Expenses,	\$1,905 28
“ Salaries and Wages,	1,113 00
“ Medical Department,	249 71
“ Repairs to Real Estate,	210 64
	<hr/>
	\$3,478 63

The number of patients under care during the year was 187, including 24 remaining from 1845. The number discharged during that period was 163, leaving 23 at the close of the year 1846.

Of those discharged, there were natives

Of United States,	95
“ Ireland,	56
“ England,	7
“ Germany,	6
	<hr/>
	163

Of whom—were cured,	126
relieved,	24
incurable,	2
left at their own request,	5
died,	2
eloped,	4
	<hr/>
	163

The Steward's account was examined by a Committee appointed for that purpose. The sum of \$276 59 has been received during the year for the board of pay patients and from other sources.

Respectfully submitted.

APPENDIX, No. XXII.

To the Select and Common Councils of the City of Philadelphia :

The Committee on Legacies and Trusts, to whom were referred on the 17th December last the Bill entitled "A Supplement to an Ordinance for the better Regulation of the Fire Department :"

Also, a resolution which passed the Select Council, regulating the stopping off the water from the fire-plugs at the extinguishment of fires :

REPORT—

That after examination and consideration of the provisions of the Bill, they are of opinion that it would be expedient and useful to adopt them ; but as that referred to them from circumstances requires some alterations and amendments, the Committee submit a substitute which they suggest the adoption of.

With respect to the resolution, the Committee are not prepared at this time to report on it ; but think it expedient to postpone its further consideration until the action of the Legislature is known on the Bill now before them in relation to the Fire Department ; and therefore only report progress.

A Supplement

To an Ordinance entitled "An Ordinance for the better Regulation of the Fire Department."

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That it shall be the duty of the Committee on Lega-

cies and Trusts, immediately after the passage of this ordinance, to appoint one Engineer for each Fire Company from the nominations now made to the Select and Common Councils.

SECTION 2. That each Fire Company shall, on or before the third Wednesday of January, 1848, and yearly thereafter, nominate two members thereof to the Committee on Legacies and Trusts, one of whom the said Committee shall appoint to be Engineer of such Company: and the persons so chosen Engineers shall constitute a Board of Engineers, and shall have, under such regulations as may be prescribed by the Select and Common Councils, the general supervision and control of all Fire Companies at fires.

SECTION 3. That so much of the Ordinance to which this is a supplement as is inconsistent herewith be, and the same is hereby repealed.

APPENDIX, No. XXIII.

To the Select and Common Councils:

The Committee on Police respectfully submit for consideration the annexed draft of an Ordinance making provision for the increase in the number of Policemen; the appointment of an additional Special Constable to be attached to the Mayor's office; procuring a suitable Station-house for the Night Watch, with lock-up apartments, in the South West Division of the City, and for a Station-house for the use of the Night Police.

In relation to the necessity of increasing the police force of the City,—not however, with reference to extraordinary emergencies, but to the every day occurrences within its limits,—it is not unknown to your Committee that there are many persons who declaim against the “City authorities,” charging “neglect of duty” and “want of due vigilance” upon the Police, whenever such delinquency *seems* to them to have occurred—without knowing the true cause; and there may be some members of Councils who are not aware that this apparent cause of complaint is attributable to a *deficiency of numerical force*, rather than to the want of efficiency on the part of the persons employed as Policemen. Your Committee believe that this

will be sufficiently obvious to all, when it is known that the number of Police having charge and superintendence of the City—an area of two square miles—during the day and the night time, exclusive of the night watchmen—whose prescribed duties confine their attention to their several “beats” and boxes—does not exceed forty-four men, as follows :

26 Night Policemen.

1 Captain of do.

1 Lieutenant of do.

4 High Constables.

11 Day Policemen.

1 do.—but now employed in the Mayor’s office.

—
44

“On twenty-six of this number,” the Mayor of the City says, “I mainly rely for the prevention and suppression of riots. Their duties are various, arduous, and most responsible.” These men are required to patrol the streets and avenues of the City from lamp-lighting until sunrise ; to attend all fires, or false alarms of fires—which frequently produce riots—within the City bounds, preserve order there and in the vicinity of all the places of public resort and amusement. In the words of the Mayor, “their services, in consequence of their varied character, are required by day and by night—the effect of which has been to break down the constitutions of many of them, and more or less to weaken all. By adding to their numbers the amount required, (thirty-eight Day Policemen and twenty-three Night Policemen,) I may so divide their labours as to afford such relief to all, as to enable them to perform their duty with fidelity and great usefulness to the public, without impairing their health or strength.”

The duties of the Day Police, which consists as above stated, of eleven men exclusive of the four high constables, are a general supervision of the City from sunrise until lamp-lighting. Including the number of persons who come into the City during the day time in that of its own population, the amount may fairly be estimated at exceeding two hundred thousand persons—hence can it reasonably be expected, that these fifteen men, however active and willing they may be, can watch over, or maintain the integrity of the law, and preserve peace and good order throughout the city? Besides this, there are numerous positions that require the *constant* presence and assiduous vigilance of

this branch of the Police; such as the several ferries, steam-boat landings, and railroad depots; the wharves on the river Schuylkill and Delaware Avenue, especially the latter, which daily, during the season of active commerce, presents a scene of petty crime by the depredations of youthful as well as elder idlers; our principal thoroughfares, such as Chestnut, Market, Arch, Third, Second, Front, Dock, Walnut and other streets, the neighbourhood of the markets, the hack, cab, chaise and omnibus stands, &c., many of which places are necessarily unwatched by the present limited number of policemen. Indeed, when the deficiency of police force is taken into consideration in connection with any exigency likely to occur in such a dense and busy population, it cannot but excite surprise—notwithstanding the alleged proneness of our City to engender riots and misrule, with which she has been so unjustly charged—that she maintains within herself a state of moral feeling whose conservative influence is not exceeded by that of any, equal in population, throughout our country.

The maintenance of an adequate Police force is the sure preventive of crime within, and the intrusion of turbulence and riot from without our limits;—this should be amply provided for, and thus our chief magistrate will be enabled faithfully to execute the laws.

As regards the provision in the proposed ordinance for the appointment of an additional Special Constable, your Committee are satisfied that the Mayor requires this further aid, in consequence of the increased business of his office.

The illy adapted condition of the buildings now occupied by the Night Police, and for the use of the Night Watch, has been a subject of frequent complaint, and of much solicitude in the Committee on Police. Affording but temporary accommodation, they have been rented from time to time, pending the action of Councils; and your Committee therefore earnestly recommend the adoption of the Fourth Section of the bill annexed.

An Ordinance

To Provide for the Increase of the Police of the City, and to Provide for the Erection of Station Houses, and making an Appropriation therefor.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That it shall be the duty of the Mayor to appoint at the times and in the manner prescribed by existing ordinances, Thirteen Day Policemen, Thirteen Night Policemen, and One Special Constable, in addition to the number directed to be appointed by existing ordinances.

SECTION 2. *And be it further ordained and enacted by the authority aforesaid,* That the said Day Policemen, Night Policemen, and Special Constable, shall perform all the duties which such officers are required to perform by existing ordinances, and be subject to all the provisions of said ordinances relating to such officers.

SECTION 3. *And be it further ordained and enacted by the authority aforesaid,* That the pay of each of the said Day Policemen and Night Policemen shall be Four Hundred Dollars per annum, payable monthly; and of the Special Constable, Five Hundred Dollars per annum, payable monthly.

SECTION 4. *And be it further ordained and enacted by the authority aforesaid,* That it shall be the duty of the Committee on Police to procure a suitable Station House with Lock-up rooms, for the use of the Night Watch of the South-West Division, and a suitable Station House for the use of the Night Police; for the *first* of which objects the sum of Eight Thousand Dollars, and for the latter, Seven Thousand Dollars, be and the same is hereby appropriated to said Committee on Police.

APPENDIX, No. XXVI.

To the Select and Common Councils:

The Committee on Public Highways report a Bill in relation to the unnecessary delay in removing building materials and rubbish from the public highways, and giving further power to the City Commissioners, in order that the evil may be abated.

The Committee also report a Bill in relation to opening Water Street anew,—each of which they recommend Councils to pass.

A Further Supplement

To an Ordinance entitled “An Ordinance Providing for the Appointment of City Commissioners, and Prescribing their Duties,” passed the 22d day of May, 1797.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That whenever the City Commissioners shall have granted a permit to place a lime-house or building materials on a public street, as provided for in the ordinance to which this is a supplement, and the supplement thereto passed the 12th day of February, 1818, it shall appear to the said Commissioners that the completion of the building or repairs to such building is unnecessarily delayed, or the said building or repairs have been completed and the time allowed in such permit for occupying the street has not expired, in every such case it shall be lawful for the said Commissioners or any two of them to revoke such permit, and if the lime-house or building materials are not removed

from such street after forty-eight hours' notice to the person to whom such permit has been granted of such revocation, then every such person shall forfeit and pay the sum of three dollars for each and every day that the said lime-house or building materials shall remain in the street after the expiration of said notice, to be sued for and recovered in the manner that penalties for breach of ordinances are by law recoverable.

An Ordinance

Relating to Water Street.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Committee on Public Highways be, and they are hereby authorized and required to pay to Alexander J. Derbyshire the sum of One Thousand One Hundred Dollars, which amount he has agreed to accept as compensation for injury done his property situate on the west side of Water street, commencing at the distance of eighty feet from the north side of Mulberry street, and extending in front on said Water street northward fifty-three feet six inches more or less, by taking a portion thereof from the front on Water street, by the laying out of Water street anew.

SECT. 2. That the sum of One Thousand One Hundred Dollars, out of the income of the fund appropriated under the twenty-second item of the Will of Stephen Girard for the improvement of the eastern front of the City and Delaware Avenue, be appropriated to the expense of carrying into effect this ordinance, to be paid in the manner that appropriations for Delaware Avenue are directed to be paid in the several ordinances relating thereto.

APPENDIX, No. XXVII.

To the Select and Common Councils of the City of Philadelphia :

The Committee on Legacies and Trusts, to whom was referred, at the last meeting of Councils, a communication from the Western Hose Company, nominating Engineers,

REPORT—

That having ascertained that the Company is able and efficient, with a competent apparatus for service, they have agreed to accept the nomination, and have appointed John Addis the Engineer.

The Company is situated at the south-west corner of Schuylkill Third and Harrison streets, below Locust street, being the only one of the accepting Companies west of Broad street. They are also strongly recommended by the Board of Engineers, and by citizens in their neighbourhood. The Committee therefore desire that the usual appropriation may be given to them.

The Committee further report, that they have, since their estimate reported to Councils, received the annexed communication from the Board of Engineers, asking an appropriation for the purpose of procuring proper equipments, the present being worn out, which will require the sum of three hundred dollars.

The Committee therefore ask that the above be added to their estimate, as they deem it expedient and useful.

All which is respectfully submitted.

Philada., February 25, 1847.

GEO. CAMPBELL, *Chairman*,
GEO. R. FISHER,
ROBERT TOLAND,
WM. G. MENTZ,
ALGERNON S. ROBERTS.

To the Committee on Legacies and Trusts of the Councils of City of Philadelphia.

GENTLEMEN:—At a meeting of the Board of Engineers of the Ordinance Fire Department of the City of Philadelphia, the undersigned were appointed as a Committee to apply to your honourable body for an appropriation for the following purposes :

For Coats and Pantaloons for 17 Engineers, at \$16 00 per suit, . . .	\$272 00
For Rent of Meeting Room for use of Engineers,	15 00
For Advertising, Notices, Printing Rules and Regulations, Stationery, &c.,	13 00
Total,	<u>\$300 00</u>

The Board received the last equipments *two* years ago, during which time several very large fires have occurred,—

the *Academy of Fine Arts*, large fire on wharf near Chestnut street, *Marshal & Brock's, Lagrange Place, Thomas & Co., Market street below Seventh*, late fire on Chestnut street above Second street. At these fires the equipments of the Board suffered very much, many of which have been rendered entirely useless. There has also been *five new Engineers* elected, who are not yet provided for. There are many of the Board whose means will not admit of procuring their own equipments, but who are willing to sacrifice their health and labour in saving the property of their fellow citizens from *theft* and *water* as well as *fire*, when called upon in their official capacity. The exertions of the Board during the last year is well known by those of their fellow citizens who have had the misfortune of being visited by the destroying element, *fire*. The duties of the Engineers are principally confined to the *interior* of the buildings on fire, removing such goods as may be endangered by fire, and preventing the loss of property by *water* as well as *theft*. In the performance of these duties, they are much exposed to hardships, but those hardships are rendered more light when provided with good equipments. The undersigned representatives of the Board of Engineers would therefore respectfully ask of your honourable body for an appropriation of \$300 00 for the above stated purpose. The public good is our only desire, and we feel assured that our future services will be appreciated by our fellow citizens, and that Councils will not regret the confidence which they have entrusted to us. The *credit* of the City, since the passage of the Ordinance, has been redeemed, law and order has been restored, and while we receive the approbation of our fellow citizens, we will cheerfully comply to our duty, though an unthankful one in the estimation of some persons.

Remaining, respectfully, your obedient servants,

W. M. ROWLAND, Jr., <i>President</i> ,	} Board Engineers of M. F. D.
J. M. POINT, <i>Vice President</i> ,	
R. E. NUTTLE, <i>Treasurer</i> ,	
G. W. BRIGGS, <i>Secretary</i> ,	

February 16th, 1847.

APPENDIX, No. XXVIII.

To the Select and Common Councils :

GENTLEMEN:—The Committee on Finance, to whom was referred the Bill entitled “An Ordinance Supplementary to an Ordinance entitled ‘An Ordinance to Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon,’ to make Provision for Redemption of the City Debt,” together with the amendments, and a proposed amendment thereto, as appears by the paper hereto annexed (marked A.,)

REPORT—

That they have had the subject under consideration, and whilst they approve of the amendments in relation to appropriation of the Water Rents, and the appropriation of one-fourth in lieu of one-half per cent. on the par value of all loans created and issued by virtue of said Ordinance, made in the Select Council, are of the opinion that the amendment proposed, to wit:—“And the sinking fund under existing ordinances, together with such accumulations as it may receive by virtue of this Ordinance, shall constitute a fund for the payment as well of loans which may be made under the authority of the said Ordinance to which this is a supplement, as of loans now existing,”—is not required,—the purpose for which it is intended being already fully accomplished by the ordinances heretofore passed, when taken in connection with the Ordinance to this amendment is suggested.

They therefore recommend that the amendment proposed be negatived, and the Bill passed, with the amendments adopted in the Select Council.

All which is respectfully submitted by your Committee.

IN SELECT COUNCIL,

Jan. 28, 1847.

On motion of Mr. Tyson,

Council proceeded to the second reading of the Bill entitled "An Ordinance Supplementary to an Ordinance entitled 'An Ordinance to Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon,' to make Provision for the Redemption of the Public Debt."

The first section was agreed to.

The second section being under consideration—

On motion,

Council resolved itself into Committee of the whole (Mr. Chandler in the chair) on said Bill.

After some time, the President resumed the chair, and the Chairman reported the Bill without amendment.

The second section being again under consideration—

Mr. Trucks

Made a motion to amend the same, by inserting the words "and water rents," after the word "City" in the fifth line.

Which was agreed to.

Mr. Roberts

Made a motion further to amend the same, by striking out the word "half" where it occurs in the third, sixth and eighth lines, and inserting in lieu thereof the word "quarter."

And on the question—Will Council agree to the motion?

The yeas and nays were ordered, and were as follows, to wit:

Yeas—Messrs. Chandler, Elliott, Morris, Roberts, Toland, Tyson, Meredith, Pres't.—7.

Nays—Messrs. Gilpin, Lewis, Trucks, Wetherill—4.

So the question was determined in the affirmative.

The section being again under consideration—

Mr. Tyson

Made a motion to amend the same by adding at the end thereof the following, to wit :

“ And the sinking fund under existing ordinances, together with such accumulations as it may receive by virtue of this Ordinance, shall constitute a fund for the payment as well of loans which may be made under the authority of the said Ordinance to which this is a supplement, as of loans now existing.”

The amendment being under consideration—

Mr. Roberts

Made a motion that the further consideration of the amendment be postponed for the present, and that the same, together with the Bill, be referred to the Committee on Finance.

Which was agreed to.

Extract from the Journal of Select Council.

HENRY HELMUTH, *Clerk.*

IN COMMON COUNCIL,
Feb. 11, 1847.

Common Council concurred in the said reference.

APPENDIX, No. XXIX.

To the Select and Common Councils :

GENTLEMEN :—In compliance with a resolution passed by the Committee on Finance at a meeting held on the 22d inst., all the proceedings of the Committee since the 11th February, 1847, together with the Notice, offers and communications relating to the temporary and permanent Loan, are herewith reported to Councils, and also a Bill directing the Mayor to accept the proposals made for a permanent Loan of \$150,000.

An Ordinance

Relating to Temporary Loans.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Mayor of the City be, and he is hereby authorized and directed to accept from the proposals made to him on the 20th February, 1847, the sum of \$150,000 upon the terms set forth in his advertisement on the 15th February, 1847, and in accordance with the ordinance of November 12th, 1846: and that the said sum of \$150,000 when received, shall be paid to the City Treasurer and appropriated to the Committee on Finance for the purpose of redeeming the temporary loan of \$150,000 made by the said Committee on the 22d February, 1847, under the provisions of the ordinance of the 11th February, 1847, for the purpose of enabling the Mayor to subscribe in the name of "The Mayor, Aldermen and Citizens of Philadelphia," for Thirty Thousand Shares of the Capital Stock of the Pennsylvania Railroad Company.

Which said Bill the Committee recommend Councils to pass.

All which is respectfully submitted by the Committee.

February 25th, 1847.

EDMUND WILCOX, *Chairman,*
JNO. RODMAN PAUL,
A. J. LEWIS,
JOHN C. DAVIS.

SATURDAY, FEBRUARY 13TH, 1847.

Special Meeting.

Present—Messrs. Wilcox, Ch'n., Hagert, Gilpin, Trucks, Davis, Paul, Lewis, Morris.

The Chairman

Submitted a copy of the Ordinance passed by Councils on the 11th of February, 1847, entitled "An Ordinance to Authorize a Temporary Loan for the purposes therein mentioned."

Which was read.

Mr. Gilpin

Offered the following, to wit:

WHEREAS an Ordinance has been received from Councils by which this Committee is authorized and directed to procure on the credit of the City, by temporary loan or otherwise (if deemed preferable to an immediate permanent loan, as provided for by Ordinance of 12th November, 1846,) the sum of \$150,000, for the purposes therein mentioned: Therefore,

Resolved, That in the opinion of this Committee, it is deemed preferable and expedient that sealed proposals in the usual form be forthwith invited by the Mayor by public advertisement, for lending to the City the sum of \$150,000, under the Ordinance of the 12th November, 1846, at six per centum per annum: said proposals to be received until Wednesday, the 24th day of February, 1847, at 12 o'clock, M. The City reserving the right to accept or decline the whole or any part thereof, and the funds to be payable at any time when called for within ninety days from said 24th day of February, on ten days' notice, and interest to be computed from the issuing of the certificates, inasmuch as the course proposed will not interfere in any way with raising a temporary loan hereafter in season if deemed necessary or expedient before the next meeting of Councils.

Which was read.

And being under consideration—

Mr. Lewis

Made a motion to amend the resolution by striking out the words “preferable and,” in the second line.

And on the question—Will the Committee agree to the motion?

The yeas and nays were ordered, and were as follows, to wit:

Yeas—Messrs. Morris, Lewis, Paul, Wilcox, Ch'n.—4.

Nays—Messrs. Gilpin, Trucks, Hagert, Davis—4.

So the question was determined in the negative.

The resolution being again under consideration—

Mr. Paul

Made a motion to strike out all after the word “inasmuch,” in the thirteenth line, and add the following, to wit: “as this shall not interfere with an arrangement for

effecting a temporary loan to enable the Mayor to make the subscription forthwith and pay the first instalment thereon."

And on the question—Will the Committee agree to the motion?

The yeas and nays were ordered, and were as follows, to wit:

Yeas—Messrs. Morris, Lewis, Paul, Wilcox, Ch'n.—4.

Nays—Messrs. Gilpin, Trucks, Hagert, Davis—4.

So the question was determined in the negative.

The resolution being again under consideration—

Mr. Paul

Made a motion to strike out the words "Wednesday, the 24th," and "24th," where they occur in the seventh and eleventh lines, and insert the following: "Saturday, the 20th," and "20th."

Which was agreed to.

The resolution being again under consideration—

On the question, Will the Committee agree to the same?

The yeas and nays were ordered, and were as follows, to wit:

Yeas—Messrs. Gilpin, Trucks, Hagert, Lewis, Paul, Davis, Wilcox, Ch'n.—7.

Nay—Mr. Morris—1.

So the question was determined in the affirmative, and the resolution agreed to.

On motion, it was

Ordered, That when this Committee adjourns, it will adjourn to meet on Saturday next, the 20th inst., at 4, P. M.

Adjourned.

HENRY HELMUTH, *Secretary*.

ADJOURNED MEETING,

February 20, 1847, 4, P. M.

Present—Messrs. Wilcox, Ch'n., Gilpin, Hagert, Paul, Davis, Morris, Trucks, Lewis.

The minutes of the preceding meetings of February 9th and February 13th were read and approved.

The Chairman

Submitted the proposals for the loan of \$150,000 received by the Mayor.

Which were read, and laid on the table.

Mr. Lewis

Moved that when this Committee adjourns, it will adjourn to meet on Monday next, the 22d inst., at 11 o'clock, A. M., and that the Chairman be requested to ascertain from the proposers for the loan in writing whether they are willing to take certificates of loan according to the ordinance, and also whether they are willing that the money shall be called in, in conformity to the advertisement. Also, that the Chairman be requested to ascertain whether a temporary loan can be negotiated for sixty days: all of which to be reported at said meeting.

Which was agreed to.

Mr. Gilpin

Offered the following:

Resolved, That the proceedings of the Committee since the Ordinance of the 18th of February, and the offers received for a permanent loan, be submitted in a report of this Committee to Councils, at a special meeting to be called for Monday evening, the 22d of February, at eight o'clock.

And being under consideration—

Mr. Morris

Made a motion that the further consideration of the resolution be postponed until the next meeting of this Committee, to be held on the 22d inst.

On this question the ayes and noes were ordered, and were as follows, to wit:

Ayes—Messrs. Morris, Lewis, Paul, Wilcox, Ch'n.—4.

Noes—Messrs. Trucks, Gilpin, Hagert, Davis—4.

So the motion was not agreed to.

And on the question—Will the Committee agree to the resolution?

The yeas and nays were ordered, and were as follows, to wit:

HENRY HELMUTH, *Secretary*.

MONDAY, FEB. 22, 1847, 11 O'CLOCK, A. M.

Adjourned Meeting.

Present—Messrs. Wilcox, Ch'n., Trucks, Gilpin, Hagert, Morris, Lewis, Davis, Paul.

The Chairman

Submitted a communication from Thos. P. Cope and others, in relation to the terms upon which they propose to loan to the City the sums of \$15,000 each.

Which was read, and laid on the table.

The Chairman

Reported that in accordance with the resolution of the 20th inst., he had ascertained that a loan of \$150,000 to the City for the space of sixty days could be negotiated with the Bank of North America without interest.

Mr. Paul

Offered the following :

Resolved, That the proposal of H. Kellogg & Son for \$2,000 of the loan be accepted, and the proposals of Messrs. Hacker, Lea & Co., Matthew L. Bevan, Robert Toland, David S. Brown, Richard D. Wood, Jas. Fassitt, John Grigg, Thos. P. Cope, John B. Myers, Farnum, Newhall & Co., be accepted ratably for \$148,000, the balance of the loan, and that the Chairman be authorized to negotiate a temporary loan of \$150,000, for sixty days, without interest, in order to enable the Mayor of the City to subscribe forthwith for 30,000 Shares of the Capital Stock of the Pennsylvania Railroad Company, and pay the first instalment thereon.

Which was read.

And being under consideration—

Mr. Gilpin

Made a motion to amend the same, by striking out all after the word “Resolved,” and inserting the following, to wit :

“That the whole of the proceedings of this Committee, from the Ordinance of the 11th of February, 1847, including all proceedings down to the meeting of Councils, and the Notice, offers and communications relating to a permanent or temporary loan, be submitted to Councils in a report from this Committee, at a special meeting of Councils to be called for Wednesday evening, the 24th day of February, 1847, at eight o'clock.”

Mr. Davis

Made a motion to amend the amendment, by striking out all after the word “Committee,” in the sixth line, and inserting in lieu thereof the words—“At the next stated meeting of Councils, on Thursday next.”

Which was agreed to.

The amendment as amended being under consideration—

Mr. Lewis

Made a motion that the further consideration of the subject be postponed for the present.

And on the question—Will the Committee agree to the motion?

The yeas and nays were required, and were as follows, to wit:

Yeas—Messrs. Morris, Lewis, Davis, Paul, Wilcox, Ch’n.—5.

Nays—Messrs. Trucks, Gilpin, Hagert—3.

So the question was determined in the affirmative.

Mr. Lewis

Offered the following:

Resolved, That the Chairman of this Committee be, and he is hereby authorized to accept of the temporary loan of \$150,000, from the Bank of North America, for the term of sixty days, without interest, to enable the Mayor of the City to subscribe forthwith for 30,000 Shares of the Capital Stock of the Pennsylvania Railroad Company, in compliance with the direction of Councils, by Ordinance of the 11th of February, 1847.

Which was read.

And being under consideration—

Mr. Gilpin

Made a motion to strike out all after the word "Resolved," and insert in lieu thereof the following, to wit :

"That the Chairman report to Councils, on Thursday evening next, the offers for a permanent and temporary loan."

And on the question—Will the Committee agree to the amendment ?

The yeas and nays were ordered, and were as follows, to wit :

Yeas—Messrs. Trucks, Gilpin, Hagert—3.

Nays—Messrs. Morris, Lewis, Davis, Paul, Wilcox, Ch'n.—5.

So the motion was not agreed to.

And the question being—Will the Committee agree to the resolution ?

The yeas and nays were ordered, and were as follows, to wit :

Yeas—Messrs. Morris, Lewis, Davis, Paul, Wilcox, Ch'n.—5.

Nays—Messrs. Trucks, Gilpin, Hagert—3.

So the resolution was agreed to.

Mr. Paul

Offered the following :

Resolved, That the whole of the proceedings of this Committee, from the Ordinance of the 11th of February, 1847, including all proceedings down to the next meeting of Councils on Thursday next, and the Notice, offers and communications relating to a permanent or temporary loan, be submitted to Councils in a report from this Committee; and that the Chairman be requested to report also to Councils a resolution directing the Mayor to accept the proposals made for the permanent loan of \$150,000.

Which was read.

And the yeas and nays being required and ordered on the first proposition embraced in the resolution, were as follows, to wit :

Yeas—Messrs. Trucks, Gilpin, Hagert, Morris, Lewis, Davis, Paul, Wilcox, Ch'n.—8.

And the yeas and nays being required and ordered on the second proposition embraced in the resolution, were as follows, to wit:

Yeas—Messrs. Morris, Lewis, Davis, Paul, Wilcox, Ch'n.—5.

Nays—Messrs. Trucks, Gilpin, Hagert—3.

So the resolution was agreed to.

The Chairman

Then submitted a communication from the Clerk of the Select Council, with the Bill entitled “An Ordinance Supplementary to an Ordinance entitled ‘An Ordinance to Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon,’ to make Provision for the Redemption of the Public Debt,” and with the proceedings of Councils thereon.

All which was read.

Mr. Morris

Made a motion that the Chairman be requested to report the same back to Councils, with the recommendation to negative the last amendment proposed to the said Bill.

Which was agreed to.

Mr. Morris

Made a motion that the Chairman be directed to draw a requisition in favour of the Mayor of the City for the sum of \$150,000, to enable him to subscribe and make payment for the first instalment of 30,000 Shares of the Capital Stock of the Pennsylvania Railroad Company.

And on the question—Will the Committee agree to the motion?

The yeas and nays were ordered, and were as follows, to wit:

Yeas—Messrs. Morris, Lewis, Davis, Paul, Wilcox, Ch'n.—5.

Nays—Messrs. Trucks, Gilpin, Hagert—3.

So the motion was agreed to.

Adjourned.

HENRY HELMUTH, *Secretary.*

City Loan.

In pursuance of an Ordinance of the Select and Common Councils, passed the 12th of November, 1846, entitled "An Ordinance to Authorize a Subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to Provide for the Payment of the Instalments thereon." Notice is hereby given, That Proposals to be endorsed "Proposals for Loan" will be received until the twentieth day of February, 1847, at twelve o'clock, M., for loaning to the City of Philadelphia the sum of \$150,000, at a rate of interest not exceeding six per cent. per annum, payable half yearly, on the first day of January and July; for which certificates of one hundred dollars each or in larger sums, provided that no certificate shall contain any fractional part of one hundred dollars, shall be issued in usual form, the said Loan to be redeemable on the first day of July, 1876, and not before, unless with the consent of the holders of said certificates, which shall be transferable in like manner with other certificates of City Debt. The highest offer will be accepted, the City reserving the right to accept or decline the whole or any part of the sums offered, and should a greater amount be offered at the same premium, they shall be taken ratably. The City to have the right to call for the same at any time within ninety days from the 20th of February, 1847, upon ten days notice from the Mayor to the lenders. The certificates to bear date on the day of payment, from which time interest on the same will be payable.

Bonds of one hundred dollars each to be issued for the amount.

“*Resolved*, That when this meeting adjourns, it adjourns to meet on Monday next, the 22d instant, at 11 o'clock, A. M., and that the Chairman be requested to ascertain from the proposers of the Loan, in writing, whether they are willing to take certificates of loan, according to the Ordinance of November 12th, 1846, and also whether they are willing that the money shall be called in in conformity with the advertisement.”

In reply to the above resolution of the Committee of Finance, the undersigned proposers of the Loan say, that in their offers they used the word bond as synonymous with certificate, and are therefore willing to take certificates of loan.

They decline to vary the terms of their offer as to the time of payment, believing the same to be in conformity with the advertisement. The sums offered by them re-

spectively, are ready to be paid upon the issue of the usual certificates.

APPENDIX, No. XXX.

To the Select and Common Councils :

The Committee on Police, to whom was referred the memorial of Messrs. Burr and Pearsall, asking Councils to appropriate the east side of Eleventh street, near Market or High street, as a stand for the sale of fish, respectfully report the annexed draft of an Ordinance.

Committee Room, March 1, 1847.

ROBERT HUTCHINSON,
JOSHUA TEVIS,
JOHN P. WETHERILL,
JOHN TRUCKS,

Committee on Police.

An Ordinance

To Provide a Stand for the Sale of Fish.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That a space on the east side of Eleventh street extending fifty feet south from the line of the houses on High street, be, and the same is hereby appropriated as a Stand for the sale of Fish from wagons or carts; the space to be occupied by each wagon or cart to be designated and assigned by the City Commissioners under the direction of the Committee on Police.

APPENDIX, No. XXXI.

To the Select and Common Councils :

The Committee on Finance present their Annual Report in relation to the fiscal condition of the City ; previous to which, however, they have much pleasure in being able to state, that all the engagements of the Corporation, together with the Loan which fell due on the 1st of January, 1846, amounting to Four Hundred and Fifty-six Thousand Dollars, were promptly met without resorting to any new loans, and that a balance remained in the Treasury on the 1st of January last, of \$27,914 28, after deducting all outstanding liabilities, and the semi-annual interest due that day.

They would also state that there was an additional appropriation, last year, to the Watering Committee, for *Permanent* Expenses, of \$21,500 ; the same being for three new Wheels, \$15,000 ; for Forebays, &c., and Iron Pipes, \$5,000 ; and to Reservoir No. 4, \$1,500.

They have with great care examined the Estimates of the several Standing Committees referred to them ; and although they have made some deductions from them, yet, taking into view the present enlargement and rapidly increasing growth of the City, they have deemed it necessary, and of course proper, to grant additional appropriations required by the following Committees, to wit : the Committee on Police ; the Committee on Public Highways, principally having an eye to Western improvements ; and the Committee on City Property.

The additional appropriations to the Committees, as above stated, together with the absence this year of any draft on the residuary portion of the Girard Estates, would of themselves require a new loan, or an increased taxation—the last of which the Committee decidedly recommend in preference to the first, it being the only proper mode to raise means. But there is also a necessity for making provision for the interest on the new loan about to be raised for the subscription to the Central Railroad, and for the addition to the Sinking Fund, in conformity to the Ordinance passed by Councils in relation thereto.

These, then, taken together, make it necessary that the rate of tax this year should be raised from 36 to 47 cents

on the One Hundred Dollars, in order to meet the deficiency which, upon reference to the liabilities, and the means to meet the same, will be seen to exist.

A Schedule is annexed, showing the condition of the Sinking Fund, containing a list of the Loans and Stocks held in trust for it, with the par and present value of the same.

The Committee now submit the following Statement, showing the probable fiscal liabilities, and the available means of the City to meet the same, for the year 1847.

An Ordinance

Making a Temporary Appropriation to the Committee on Police.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the sum of Ten Thousand Dollars be, and the same is hereby appropriated to the use of the Committee on Police, which sum shall form a part of, and be deducted by the City Treasurer from the annual appropriation to said Committee on Police for the year one thousand eight hundred and forty-seven.

APPENDIX, No. XXXIII.

The Committee on Police, to whom was referred the petitions of citizens asking that stands may be designated for the sale of oysters from wagons or carts, respectfully report the following Ordinance.

An Ordinance

To Provide for the Establishment of Stands for the Sale of Oysters.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That it shall be the duty of the City Commissioners; whenever application shall be made to them for that purpose, to designate places in the public streets from which Oysters may be sold from Carts or Wagons, during the months in which oysters may now by law be exposed for sale: *Provided,* That not more than one such place shall be designated in any square, nor shall more than one cart or wagon be allowed to stand therein.

SECTION 2. That no person or persons using such place so designated, shall suffer his, her or their cart or wagon, nor suffer or permit any oyster shells to remain thereon after sun down, under a penalty of Five Dollars for each

and every such offence, to be recovered as penalties of like amount are now by law recoverable.

APPENDIX, No. XXXV.

To the Select and Common Councils :

The Joint Special Committee, appointed March 11, 1847, with instructions to report to Councils such measures as may be necessary to insure the representation of the City

of Philadelphia, in its corporate capacity, at a meeting called in pursuance of an act of Assembly entitled "An Act to Incorporate the Pennsylvania Railroad Company," to be held March 30, 1847, for the purpose of organizing said Company, and for the election of thirteen Directors, and at any other meetings to be held for the like purposes; and further to append to said report the names of thirteen persons competent to be voted for as Directors of said Company, should they deem such course expedient,—Respectfully

REPORT—

That in order to obtain an expression of the views of the members of the Committee, certain resolutions were passed, which it is deemed proper to embody in this report.

It was resolved that it is expedient and proper for the Select and Common Councils of the City of Philadelphia, to provide for representing the City at all meetings of the stockholders of said Company. The following resolution, viz.,—that it is inexpedient that the vote of the City should be cast at the coming election for directors on the 30th March, 1847,—having been offered in, and considered by the Committee, was lost, a majority of the Committee having voted against it.

It was further resolved, that in the opinion of this Committee the question of the propriety of members of Councils acting as Directors of the Railroad is a very important one; and they would recommend an expression of opinion by Councils on the subject: and further, that the Mayor of the City, or in his absence or inability to attend, the City Treasurer be designated as the proper person to represent the Corporation at the meeting to be held on the 30th March, 1847.

The following list of thirteen names for Directors having been laid before the Committee, as the ticket agreed upon by stockholders representing a large amount of stock in said Company, is appended hereto for the information of Councils, viz.:

Samuel V. Merrick,
Thomas P. Cope,
Robert Toland,
David S. Brown,
James Magee,
Richard D. Wood,
Stephen Colwell,

George W. Carpenter,
Christian E. Spangler,
Thomas T. Lea,
William C. Patterson,
Henry C. Corbit,
and
John A. Wright.

In pursuance of the terms of the last clause of the resolution of Councils, the Committee proceeded to select, and approved of the names of thirteen persons as competent to be Directors of the said Company; which list is hereto appended, viz.:

Samuel V. Merrick,	Thomas T. Lea,
Thomas P. Cope,	William C. Patterson,
David S. Brown,	John M. Ogden,
Richard D. Wood,	Joseph S. Lovering,
Stephen Colwell,	John A. Wright, and
Christian E. Spangler,	Robert Ewing.

The Committee did not undertake to pass in any way upon the merits or competency of the two members of Councils, whose names were furnished to the Committee, inasmuch as the propriety of members of Councils acting as Directors of the Railroad, is deemed a very important question; and an expression of opinion by Councils on the subject, is recommended.

Respectfully submitted.

APPENDIX, No. XXXVI.

MINORITY REPORT.

To the Select and Common Councils:

The undersigned members of the Joint Special Committee appointed on the 11th inst., "to report to Councils such measures as may be necessary to insure the representation of the City of Philadelphia, in its corporate capacity, at a meeting called in pursuance of an act of Assembly entitled "An Act to Incorporate the Pennsylvania Railroad Company," to be held on Tuesday, March 30th, 1847, at 10 o'clock, A. M., at the Philadelphia Exchange, for the purpose of organizing said Company, and for the election of

thirteen Directors, and at any other meetings to be held for like purposes; and further to append to said report the names of thirteen persons competent to be voted for as Directors of said Company, *should they deem such course expedient*,—respectfully

REPORT—

That after a free interchange of opinions with their colleagues, with whom they have not been able to agree, they have thought proper in this form briefly to submit their views to Councils.

A ticket has been agreed upon, and approved by those who have subscribed for more than half the shares of stock, other than that subscribed for by the City, and which, so far as known to the undersigned, is generally approved by the subscribers, and it is believed will secure the approbation of Councils; we are therefore of the opinion that there is no necessity for the interference of Councils at the election on the 30th inst., but the organization of the Company should be left to the stockholders.

They therefore recommend the adoption of the following resolution:

Resolved, That it is inexpedient for the City of Philadelphia to vote at the election for Directors of the Pennsylvania Railroad Company, to be held on the 30th instant.

ALGERNON S. ROBERTS,
ROBERT TOLAND,
HENRY C. CORBIT.

APPENDIX, No. XXXVII.

A Supplement

To an Ordinance entitled “An Ordinance for the Suppression of Nuisances in the City of Philadelphia,” passed on the 12th day of March, 1846.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That it shall not be lawful for any person or persons

to place or maintain any side wing to any awning ; nor to place or maintain any awning over any foot pavement or side walk, which shall be more than eighteen feet in any part thereof above such foot pavement, nor to place or maintain any lettering, painting or device whatsoever on any awning.

SECTION 2. *Be it further ordained and enacted by the authority aforesaid,* That it shall not be lawful for any person or persons to extend or project from his, her, or their dwelling or building into the streets of said City,—except such buildings as are occupied as inns for the entertainment of strangers,—any sign board, pole or other device or thing whatsoever to denote or show his, her or their place of business, or the merchandise or things which he, she or they have to dispose of, which shall be above the first story of such building.

SECTION 3. *Be it further ordained, &c.,* That any person who shall violate any of the provisions of this ordinance, shall for each offence be liable to a penalty of dollars, which shall be sued for and recovered in the same manner that similar penalties are by law recoverable.

SECTION 4. *Be it further ordained, &c.,* That so much of the ordinance to which this is a supplement as is inconsistent herewith, be and the same is hereby repealed.

APPENDIX, No. XXXVIII.

To the Select and Common Councils :

The Committee on Police respectfully recommend the adoption of the annexed draft of an ordinance in relation to penalties for the breach of ordinances.

Among the reasons which might be cited, and which have induced the Committee to call the attention of Councils to the subject, they beg leave to refer to those assigned by the City Solicitor, contained in the following extract of a letter addressed by him to the Chairman of this Committee :—

“ Where a penalty is given part to the informer, and part

to the City, it is beyond our control. Frequently it is proper that a party fined should be forgiven, and the penalty not exacted; this cannot be done in cases where a part of it is given to the informer. Again, the temptation of receiving part of the fine induces suits where they ought not to be brought; and the fairness of an officer is always impeached when he is to be benefited by a conviction."

An Ordinance

In relation to Penalties for the Breach of Ordinances.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That so much of any ordinance of the City of Philadelphia as provides that any portion of any penalty imposed for any violation thereof be paid to the informer or persons suing for the same, be and the same is hereby repealed. And all such penalties and all penalties for violation of any ordinance now in force, or which may be hereafter enacted, unless otherwise provided for, shall be to and for the use of the Mayor, Aldermen and Citizens of Philadelphia.

APPENDIX, No. XXXIX.

To the Select and Common Councils:

The Committee on Police respectfully submit for consideration the following draft of an ordinance, supplementary to an ordinance passed on the 12th day of March,

1846, entitled "An Ordinance for the Suppression of Nuisances in the City of Philadelphia."

An Ordinance

Supplementary to an Ordinance entitled "An Ordinance for the Suppression of Nuisances in the City of Philadelphia," passed on the 12th day of March, 1846.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled*, That it shall not be lawful for any person or persons to place or maintain any awning over any foot pavement or side walk which shall be more than eighteen feet in any part thereof above such foot pavement or side walk.

SECTION 2. *Be it further ordained and enacted by the authority aforesaid*, That it shall not be lawful for any person or persons to extend or project from his, her or their dwelling or building into the streets, lanes or alleys of the said City,—except such buildings as are occupied as inns for the entertainment of strangers,—any sign board, pole, or other device or thing whatsoever, to denote or show his, her or their place or business, or the merchandise or things which he, she or they have to dispose of, which shall be above the first story of such dwelling or building as aforesaid, except such sign boards the inner surfaces of which shall be closely attached to the walls of said buildings.

SECTION 3. *Be it further ordained and enacted by the authority aforesaid*, That any person who shall violate any of the provisions of this ordinance shall for each and every offence be liable to a penalty of five dollars, which shall be sued for and recovered in the same manner that similar penalties are now by law recoverable.

SECTION 4. *Be it further ordained and enacted by the*

authority aforesaid, That so much of the ordinance to which this is a supplement as is inconsistent herewith, be and the same is hereby repealed.

APPENDIX, No. XL.

To the Select and Common Councils of the City of Philadelphia:

The Committee on Legacies and Trusts, to whom was referred on the 17th December last a resolution passed in the Select Council relating to stopping the flow of water from the plugs at fires, and on the 25th February, a resolution to prevent the citizens crowding the sidewalks and streets at the time of fires,

REPORT—

That they have given the subjects the attention their importance require, and have prepared and submit to Councils a resolution which they hope may prevent the inconvenience complained of, and suggest the propriety of adopting it.

The Committee would have brought this before Councils at an earlier period, but delayed to ascertain if the Bill before the Legislature relating to the Fire Department should be passed, which they regret to say was not the case.

The Committee further report a resolution to release certain real estate from a judgment given by the securities of a borrower from the Franklin Fund. The parties agree to make a further payment on account, and the residue of the property is thought by the Solicitor to form a sufficient security for the balance due.

The Committee therefore recommend its adoption.

All which is respectfully submitted,

April 20th, 1847.

GEO. CAMPBELL, *Chairman*,

Resolved, That it shall be the duty of the Policemen present at any fire within this City, to remove and disperse any persons who may crowd upon or interfere with the firemen in the discharge of their duty, at the request of any of the Engineers appointed by the Committee on Legacies and Trusts : and it shall also be the duty of said Policemen, to close any fire plug when directed so to do by any of the Engineers aforesaid.

Resolved, That the Mayor be authorized and requested, on behalf of the Mayor, Aldermen and Citizens of Philadelphia, to release from the lien of a judgment entered in the District Court for the City and County of Philadelphia, on the 20th day of July, 1846, to June Term, 1846, No. 200, in which the Mayor, Aldermen and Citizens of Philadelphia are plaintiffs, and James D. Weldon, George C. Miller and Eli H. Eldridge are defendants, all that certain lot or piece of ground, situate on the north side of Washington street, at the distance of sixty-eight feet eastward of the east side of Eleventh street, continued in the District of Spring Garden, in Penn Township, in the County of Philadelphia, containing in front or breadth on the said Washington street sixteen feet, including the westernmost half part of a two and a half feet wide alley on the east side thereof, and extending of that width northward, making with the north line of Washington street running eastward an angle of eighty-nine degrees and two minutes, in length or depth fifty-two feet ten inches and a quarter on the west line thereof, and fifty-two feet seven inches on the east line thereof. Bounded eastward partly by the said two and a half feet wide alley, and partly by ground intended to be granted to Eli H. Eldridge on ground rent ; westward partly by a three feet wide alley, and partly by ground of Charles Robb ; and southward by said Washington street, belonging to George C. Miller, one of the said defendants : *Provided*, The other defendants in said judgment consent thereto.

APPENDIX, No. XLI.

To the Select and Common Councils :

The Committee on Public Highways, to whom was referred numerous petitions asking for the paving and repaving of certain streets,

REPORT—

That they have made a general examination of said streets and others throughout the City, and have selected for improvement such as seem to require it most; in consequence of the inadequate appropriation for this purpose, many streets that require attention will have to be passed by the present year. The Committee recommend the adoption of the subjoined resolution.

Resolved, That the City Commissioners, under the direction of the Committee on Public Highways, be directed to regulate, curb and *pave* the following streets, viz.:

Logan street, from Sassafras to Vine street.

Schuylkill Fourth street, from Mulberry to Sassafras st.

Schuylkill Third street, from Mulberry to Sassafras.

Winter street, from Schuylkill Sixth to Autumn street.

Grace street, from Schuylkill Sixth to Seventh street.

Schuylkill Fourth street, from Chestnut to George street.

Rittenhouse street, south side Rittenhouse Square.

Blight street, from Pine to Lombard street.

Ashland street, from Union to Spruce street.

Harrison street, between Schuylkill Second and Third streets.

And to repave—

Mulberry street, from Twelfth to Thirteenth street.

Prune street, from Fifth to Sixth street.

Delaware Fourth, from Spruce to Union street.

Autumn street, from Vine to Winter street.

Walnut street, from Dock to Third street.

And that the City Commissioners be directed to notify the owners of property on the private alley extending from Tenth street eastwardly on the north side of St. Stephen's Church, and southwardly on the east of said Church, to repave said alley.

APPENDIX, No. XLII.

To the Select and Common Councils :

The Committee on Public Highways, to whom was referred the communication from H. P. and C. F. Beck, with an opinion of Horace Binney, Esq., relative to cleansing docks,

REPORT—

That they have given diligent attention to the subject, and have arrived at the conclusion that the expense of said cleansing should be paid out of the income derived from the fund under the will of Stephen Girard for the improvement of the eastern front of the City ; and that at some future time it would be proper to pass an ordinance providing for the same. At present the Committee deem it more important to proceed with opening of Water street anew, which is now under way, and ask to be discharged from the further consideration of the subject, and subjoin a resolution to that effect.

The Committee have also considered the resolution referred to them relative to "changing the names of streets running north and south, west of Broad street." As no reasons are given in the resolution for such change, and as no such measure has been applied for by citizens owning property or residing in that part of the city. the Committee

do not see the propriety of such a course, and ask to be discharged from the further consideration of the subject.

All of which is respectfully submitted.

An Ordinance

Relating to Water Street.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Committee on Public Highways be, and they are hereby authorized and required to pay to Jacob R. Smith the sum of Six Hundred and Seventy-eight Dollars, which amount he has agreed to accept as compensation for injury done his property, situate on the east side of Water street, commencing at the distance of one hundred and thirty-three feet six inches from the north side of Mulberry street, and extending in front on said Water street northward thirty feet, by taking a portion thereof from the front on Water street, by the laying out of Water street anew.

SECTION 2. *And be it further ordained and enacted by the authority aforesaid,* That the sum of Six Hundred and Seventy-eight Dollars, out of the income of the fund appropriated under the twenty-second item of the Will of Stephen Girard, for the improvement of the eastern front of the City and Delaware Avenue, be appropriated to the expense of carrying into effect this ordinance, to be paid in the manner that appropriations for Delaware Avenue are directed to be paid in the several ordinances relating thereto.

APPENDIX, No. XLVIII.

To the Select and Common Councils:

The Committee on Police, to whom at sundry times was referred the memorials of several of the officers of the Corporation, asking for an increase in the amount of their pay or salaries,—

Respectfully report a draft of an Ordinance,—annexed,—providing for an increase of the amount of salaries of the said officers for the term of *one year* from and after the first day of June, one thousand eight hundred and forty-seven, and appropriating the necessary sum of money for the payment of said increase of salaries for *seven months*, that is to say, up to the first of January next, at which period the fiscal year terminates, and the annual appropri-

ations are made for the service of the City. Also, an allowance to the Captain of the Night Police in lieu of the occupation of a part of the Station House by his family as a residence; and an *additional* allowance of *seventy-five dollars* to the Captain of the City Watch in the South East Division of the City, for a like purpose.

In relation to the proposed arrangement with the Captain of the Night Police, your Committee believe that the additional space it will afford in the Station House for the accommodation of the men, will contribute essentially to maintain their health and comfort, especially during the summer season, and hence also, their activity and usefulness.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That from and after the first day of June, one thousand eight hundred and forty-seven, and until the first day of June in the year one thousand eight hundred and forty-eight, the salaries and pay of the following named officers shall be as follows, viz. :

The Clerks (two) of the High-street Market, each, Seven Hundred Dollars.

The Clerk of the Second-street Market, Five Hundred and Fifty Dollars.

The Clerk of the Western Market, Five Hundred and Fifty Dollars.

One Lieutenant of Night Police, Four Hundred and Seventy Dollars; and twenty-six Night Policemen, each, Four Hundred and Fifty Dollars.

The Captains of the Nightly Watch (four,) each, Five Hundred and Fifty Dollars.

The Nightly Watchmen (one hundred and twenty-six,) each, Four Hundred and One Dollars and Fifty Cents.

Said salaries to be paid monthly as heretofore; and from and after the first day of June in the year one thousand eight hundred and forty-eight, the salaries and pay of said officers shall be, and the same are hereby fixed at the sums established by the ordinances in force in relation thereto, at and immediately before the passage hereof.

SECTION 2. *And be it further ordained and enacted by the authority aforesaid,* That the salary of the Captain of the Night Police shall be increased in the sum of Two Hundred Dollars per annum—such increased sum to be paid *only* when the said officer is not provided with a dwelling house at the expense of the Corporation—and that the sum of Seventy-five Dollars per annum be paid to the Captain of the Nightly Watch in the South East Division of the City, in addition to the sum of One Hundred Dollars per annum hitherto received by him for the payment of house rent.

SECTION 3. *And be it further ordained and enacted by the authority aforesaid,* That from and after the first day of June in the year one thousand eight hundred and forty-eight, the salaries of the High Constables, and of the Day

Policemen, shall be reduced to the amounts which they were entitled to receive as salaries by the ordinances in force on the first day of March in the year one thousand eight hundred and forty-seven.

SECTION 4. *And be it further ordained and enacted by the authority aforesaid,* That the sum of Three Thousand Nine Hundred and Fifty Dollars be, and the same is hereby appropriated to the Committee on Police, for the purpose of paying the expenses to be incurred by this ordinance.

APPENDIX, No. XLIX.

To the Select and Common Councils:

The Committee on Public Highways respectfully report to Councils the annexed Bill, providing for an alteration in the regulation of Dock street between Delaware Second and Pear street, and recommend its passage.

An Ordinance

Providing for an Alteration in the Regulation of Dock Street, between Delaware Second and Pear Street.

Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled, That the regulation of ascents and descents on the south side of Dock street, between Delaware Second and Pear street, be, and the same is hereby altered and established in conformity with a plan prepared by Samuel Hains, City Surveyor, dated June 8th, 1847: any existing regulation or ordinance to the contrary notwithstanding.

APPENDIX, No. L.

To the Select and Common Councils of the City of Philadelphia :

The Committee on Legacies and Trusts

REPORT—

That having made their annual visit of inspection to the several Fire Engine and Hose Companies under their jurisdiction, they are gratified in stating that they are in good order and condition, and fully effective for any service that may be required.

The number of Engine Companies now consists of six, and the Hose Companies of ten.

The Committee regret to state that the old and useful Delaware Engine Company have from circumstances withdrawn from service ; but they hope to be able to return to their former efficiency.

These Companies have all received from the Engineers of the Middle Fire District their certificates of conformity to the ordinances.

From the returns made by the several Companies, the number of active members are about five hundred—and these, with the addition of the ordinary members, are considered as sufficiently effective for useful purposes.

The Committee are gratified in having the able and efficient Western Hose Company added to their list this year. Some complaints of misconduct had been alleged against them ; but the Board of Engineers instituted an inquiry on the subject, and have reported to the Committee that the Company were not censurable, and that they had granted their certificate accordingly.

Some charges have also been made against another Company, which the Committee intend examining before granting their appropriation.

The ordinance passed by Councils giving the Committee authority to elect the Engineers, has been acted on, and a list is hereto appended.

The resolution relating to stopping off the water at fires and keeping the footways clear, has been found useful, and attended with good results.

The number of fires which have occurred since the last report is fifty ; some of a serious character—at all of which the Companies, or the greater part of them, attended.

The Committee will suggest to their successors a renewed attempt to obtain a legislative sanction for control-

ling the District Fire Companies when they enter the City limits.

The Committee also visited the Wills Hospital, which has been enlarged, offering increased facilities to those who are unfortunate enough to require its assistance. The Report of the Managers will be found in the Appendix to the Journal.

The Committee offer the annexed resolution.

Committee Room, June 30th, 1847.

GEO. CAMPBELL, <i>Chairman</i> ,	JAS. J. BOSWELL,

APPENDIX, No. LI.

An Ordinance

Relating to Water Street.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Committee on Public Highways be, and they are hereby authorized and directed to pay to Elizabeth Airey the sum of One Thousand One Hundred and Fifty-nine Dollars, which amount she has agreed to accept as compensation for injury done to her property situate on the west side of Water street, commencing at the distance of two hundred and twenty feet six inches from the north side of Chestnut street, and extending in front on said Water street northwardly fifteen feet ten inches, by taking a portion thereof from the front on Water street, by the laying out of Water street anew: and to pay to Stephen Kimball, Trustee of the Estate of Catharine Hollingshead, the sum of One Thousand Two Hundred and Twenty Dollars, which amount he has agreed to accept as compensation for injury done to property held by him as Trustee as aforesaid, situate on the west side of Water street, commencing at the distance of two hundred and thirty-six feet four inches from the north side of Chestnut street, and extending in front on said Water street northwardly sixteen feet eight inches, by taking a portion thereof from the front on Water street, by the laying out of Water street anew.

SECTION 2. *And be it further ordained and enacted by the authority aforesaid,* That the sum of Two Thousand Three Hundred and Seventy-nine Dollars, out of the income of the fund appropriated under the twenty-second item of the Will of Stephen Girard for the improvement of the eastern front of the City and Delaware Avenue, be appropriated to the expense of carrying into effect this ordinance, to be paid in the manner that appropriations for Delaware Avenue are directed to be paid in the several ordinances relating thereto..

APPENDIX, No. LII.

To the Select and Common Councils :

The Committee on Police, to whom was referred by Councils an application of James Foster and Reynold Clayton, Deputy Clerks and Watchmen of the High-street Market, asking an increase of pay ; also, one of like import from John Barr, Assistant Clerk of the Western Market ; beg leave to

REPORT—

That they deem it inexpedient to make any change in the same, and submit a resolution asking to be discharged from the further consideration of the subject, which they ask Councils to pass.

The Committee have also had under consideration the application of William Russell, Special Constable, (referred by Councils,) asking an increase of pay ; and report a Bill increasing the salary of the Special Constable for the year ending June 1st, 1848, one hundred dollars, which they recommend Councils to pass.

Resolved, That the Committee on Police be discharged from the further consideration of the applications of the Deputy Clerks of the High-street and Western Markets for increase of salary.

An Ordinance

Fixing the Salary of the Special Constable.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Salary of the Special Constable shall be Six Hundred Dollars for the year commencing the first day of June, 1847, and ending the first day of June, 1848, payable as heretofore : and from and after the first day of

June, 1848, the salary of the said officer shall be and the same is hereby fixed at the sum established by ordinance passed 10th September, 1846, entitled "An Ordinance Fixing the Salary of the Special Constable."

APPENDIX, No. LIII.

To the Select and Common Councils :

The Committee on Police, to whom, on the first of July last, was referred the consideration of the following preamble and resolution, offered by Mr. Tevis, viz. :

"Whereas much complaint has been made lately against the size of bread as sold by the public bakers of Philadelphia ; and furthermore it is believed that the weight generally is much below the required standard at all times, and of late it is believed the size of bread has been reduced below any former standard—in consequence, as alleged, of the high price of flour—which cause no longer exists, although we perceive no corresponding advance in the weight of bread ; the poor as all other classes of citizens being seriously injured thereby : Therefore,

"*Resolved by the Select and Common Councils*, That some remedy against the foregoing evil is demanded. And that the Clerks of the Markets be required to examine the weight of loaves of bread at the established bakeries of our City, and report at the next meeting of Councils the result of such examination, giving the specific weight of bread as compared with the requirements of former regulations on the subject."

RESPECTFULLY REPORT :—

That through the agency of the Clerks of the several Markets, and from other sources of information resorted to by the Committee in pursuit of their inquiries in relation to this interesting subject, it appears that the Act of Assembly of this State, regulating the mode of selling loaf-bread, has fallen altogether into disuse, and consequently great irregularity and inequality has prevailed in the sale as well as in the weight thereof.

The following table, and accompanying reports at large of the Clerks of Markets, marked A, B, C, and D, will exemplify this.

TABLE showing the RESULTS of the Examinations of Wheat Loaf-Bread by the several Clerks of the City Markets, at Sixty-three Bakeries.

Thus, *eight-cent loaves* have been found to vary in weight from *twenty-six* to *thirty-six* ounces, or about *forty per cent.* difference in price; and *four-cent loaves* from *twelve and a half* to *eighteen and a half ounces*, or about *fifty per cent.* difference in price to consumers; and hence the cause of the alleged injustice, if not fraud, daily served out with the “staff of life” to our fellow citizens. But notwithstanding this, it is abundantly in evidence before your Committee, that a very large majority of our bakers practise this *seeming* unfairness through ignorance of the *means* that has been provided by law, which would produce conjunctive action among themselves, and consequently secure uniformity in the size or weight of the products of their ovens. Such law does however actually exist, although its provisions have not been enforced for an unknown lapse of time. The Act referred to was passed on the first day of April, 1797, and is as follows—(See Digest City Ordinances, 1841, p. 13):—

“AN ACT to regulate the manner of selling loaf-bread, and to repeal certain existing laws respecting the same.”

“SECTION II. From and after the first day of May next all loaf-bread made for sale, within this commonwealth, shall be sold by the pound avoirdupois, and every baker or other person offering the same for sale, shall keep at his or her house, or at such other place at which he or she shall at any time offer or expose for sale any such bread, sufficient scales and weights lawfully regulated, for the purpose of weighing the same, and if any baker or other person shall, from and after the first day of May next, sell or offer for sale, any loaf-bread, in any other manner, the contract respecting the same shall be void, and the person offending against this act shall, on conviction, forfeit and pay the sum of ten dollars for every such offence; one half to the use of the informer, and the other half to the use of this commonwealth; and it shall be the especial duty of the clerk of the market, in any place where such officer is appointed, to discover and prosecute all persons offending against this act.”

In relation to the *price* of bread, our State Legislature has wisely abstained from any interference. Neither have our predecessors in Councils done aught to prevent a free competition in the sale of this important article of food: hence the price varies at the will of the seller and option of the buyer; depending on the *quality* of the bread, the

price of flour, the facilities of production, and other causes, as it does with other articles, such as butter, lard, &c., which are required by law to be sold by weight. But *the act of Assembly, as above recited, is clear and distinct as regards the sale of loaf-bread by "the pound avoirdupois;"* and your Committee believe that if this act were sufficiently promulgated, the actual amount of weight marked on each loaf of bread, and the seller at all times, and places prepared to verify the same as the law directs, that the result would be satisfactory and advantageous to all.

Your Committee therefore further beg leave to offer the annexed resolution.

bled, That the Committee on Public Highways be, and they are hereby authorized and required to pay to Henry Apple the sum of Eight Hundred Dollars, and to William Easby, John Brooke and William Thomson each the sum of Seven Hundred Dollars, which amounts the said parties have agreed to accept as compensation for injuries done to their property hereinafter described, situate on the east side of Water street, by taking a portion thereof from the front on Water street by the laying out of Water street anew; the property of said Henry Apple commencing at the southeast corner of Water street and Tunn alley, and extending in front on said Water street southward seventeen feet eight inches; the property of said William Easby commencing immediately south of the last described property and extending in front on said Water street southward seventeen feet one and a half inches; the property of said John Brooke commencing immediately south of the last described property and extending in front on said Water street southward seventeen feet two inches: and the property of said William Thomson commencing immediately south of the last described property and extending in front on said Water street southward seventeen feet two inches.

SECTION 2. *And be it further ordained and enacted by the authority aforesaid,* That the sum of Two Thousand Nine Hundred Dollars, out of the income of the fund appropriated under the twenty-second item of the Will of Stephen Girard, for the improvement of the eastern front of the City and Delaware Avenue, be appropriated to the expense of carrying into effect this ordinance, to be paid in the manner that appropriations for Delaware Avenue are directed to be paid in the several ordinances relating thereto.

APPENDIX, No. LVI.

To the Select and Common Councils of the City of Philadelphia:

The Committee on Legacies and Trusts, to whom was referred on the 9th instant the petitions of the Reliance Fire Engine Company and of the Perseverance Hose Company, asking aid to repair the damages they sustained at the late fire in Bread street,

REPORT:—

That in the course of their inquiries, they were attended by committees of the said Companies, and from the information thus derived, as well as from other sources, are satisfied that the injuries done to the hose and apparatus of those Companies on that occasion, are of such a nature as to require considerable pecuniary assistance to restore them to their usual efficiency.

Both these Companies have always had a representative in the Board of Engineers of the Middle Fire District, and in all things complied with the City ordinances; and their meritorious services and good conduct are well known and appreciated.

The Reliance Company had but recently completed a new engine, and the Perseverance a house for the better accommodation of their carriage and apparatus, which objects have absorbed all their available means, as well as such assistance they derived from other sources.

The Committee, in view of these circumstances, and of the unusually disastrous results of the fire, and without intending to establish a precedent for future applications, think it proper to recommend that the sum of one hundred dollars be contributed to the Reliance Engine Company, and the sum of fifty dollars to the Perseverance Hose Company, to assist them in repairing and replacing their apparatus; which sums can be paid by the Committee out of the balance of Appropriation No. 7, now standing to their credit.

The Committee therefore submit a resolution to that effect.

To the Select and Common Councils of the City of Philadelphia :

The Committee on Legacies and Trusts, to whom was referred on the 26th August last, the memorial of the Washington Hose Company, asking that an appropriation of three hundred dollars may be granted to the Company,

REPORT :—

That after having had a conference with a committee of the Company, and given the subject that consideration which it required, they are of opinion that it would not be expedient to grant their request.

The Company declined or omitted in January last to nominate their Engineer as they had heretofore done, and as appears to your Committee, without sufficient excuse, and have conducted and acted since without regard to the ordinance.

The Committee regret that this Company, whose efficiency and meritorious services they acknowledge, should have permitted so long a time to have elapsed without an endeavour to regain their position ; but they will in a few months have an opportunity of doing so, which the Committee hope they will not omit.

The Committee therefore request to be discharged from the further consideration of the subject, and submit a resolution to that effect.

The Committee, in closing their statement for the past year, submit a few remarks.

The applications for the benefit of the Franklin and Scott Funds have been but two, and for some years back have not averaged more than two for each ; thus showing that the benevolent intentions of the testators have not been attained. In the absence of claimants, the Committee have from time to time invested the income in City Loan, from which circumstance this investment greatly exceeds the amount of loan, but can be made available at any time in case of emergency.

The great losses sustained by these Funds heretofore engaged the attention of the Committee ; and with a view to obviate it in future, they have required monthly returns to be made to them of instalments then due, which are forthwith put in the course of collection, and has proved very successful.

Whether any or what means should be adopted to extend the benefits of these bequests to those for whom they were designed, the Committee leave for the consideration of their successors.

The Fuel Fund has been faithfully administered by the Committee ; sixty cords of oak wood having been purchased and distributed from the City fund, and seventy cords from the Girard fund, in the last year.

The Wills Hospital, under the care of the present attentive Managers, continues its heretofore useful course.

The Committee have to regret that it has been thought necessary or proper to assess taxes on the funds of this institution, which will materially decrease its means of usefulness. The Managers intend taking measures to be relieved from this charge.

The Yellow Fever Fund continues as heretofore, the income being applied in aid of the Wills Hospital.

John Scott's Premium Fund. The income of this is intended to be appropriated to the discoverers of useful inventions, and has been placed under the direction of the Franklin Institute. But two claimants have been reported for several years ; and the Committee have invested from time to time the surplus income in the City Loan.

An exchange has been made during the year with the Trustees of the Gas Works of their Loan for the City Loans of a similar description, at the then market price, any difference having been paid for in cash. This has been

done for mutual convenience, and has been adopted by other committees.

The Legacies of Samuel Scottin and Paul Beck, Jr., have been disposed of according to the directions of the respective testators.

The Boudinot Lands are still a charge on the City, and the propriety of disposing of them is obvious.

The Fire Department has been unusually tranquil; at least among the Companies who are represented in the Board of Engineers. The example set by them has not been without its effect, as but one company located in the City bounds is known to the Committee as having any concern in the recent disturbances.

All which is respectfully submitted.

APPENDIX, No. LIX.

To the Select and Common Councils:

The Committee on Police, to whom was referred the memorial of William Leach and others, asking on behalf of said William Leach an equitable compensation for the injury done to his property by the explosion of gas within his house in Cherry street, on the evening of the 30th of March, 1847,

RESPECTFULLY REPORT—

The following facts of the case, as far as they seem to relate to the grounds of the claim of the petitioner, and the liability of the Trustees of the Gas Works to remunerate him for the destruction of his property as above recited.

The petitioner, William Leach, having occasion to extend the use of gas within his house, applied to Mr. Minhinnick, a gas-fitter, who, obtaining the requisite authority or permit from the Trustees of the Gas Works, or their authorized agent, proceeded to do the work required; having previously stopped off the flow of gas at the stopcock within the exterior wall of the premises, between it—the wall—and the meter, while the pressure of gas was permitted to continue between said wall and the main pipe in the street—the stopcock at the curbstones being allowed to remain open. At the time of candle-lighting on the 30th of March aforesaid, Mr. Leach's servant,—he being absent from home,—under an impression that Mr. Minhinnick, the gas-fitter, had completed his work,—he having left the premises,—turned on the flow of gas by the use of the stopcock placed within the wall for the use of Mr. Leach and his people, and which they were accustomed to use for the purpose of lighting the premises. It further appears that the pipes in the house were not perfectly secured by the gas-fitter, and a large quantity of gas had thence escaped into the upper portion of the cellar between its ceiling and the floor of the apartment, so much as to excite the apprehension of danger in Mr. Leach, who at this moment returned home, and perceived by the odour that there was "something the matter;" and while

he was at the door, directing his hostler to the shop of the gas-fitter, in order to obtain his immediate assistance, some person within, endeavoring to discover the leak in the gas-pipe by following its course with a lighted paper, exploded the accumulated gas, and hence the injury complained of.

After a careful examination of these facts at large, and the documentary evidence presented to them, your Committee are of opinion that the petitioner, William Leach, is entitled to receive from the Trustees of the Philadelphia Gas Works a fair remuneration for the amount of loss he may have sustained in the premises; and this opinion, in the judgment of your Committee, is sustained by the following considerations.

First—As it appears by an ordinance of Councils passed on the 6th day of October, 1836, that the Inspector or other authorized agent of the Trustees of the Gas Works is empowered to grant *permits* for the purpose of extensions, alterations and repairs in gas fixtures. And in case any change is made in said fixtures after they have been inspected, or, in case the gas shall be let on after it has been stopped off by order of said Inspector or agent, the party offending shall be subject to a penalty of not less than ten dollars, nor exceeding fifty dollars. It is understood by your Committee, that at this period of time, the consumer was not allowed any control whatever over the flow of gas *into* his property; but, that such control was exclusively exercised and reserved by law to the use of the Trustees of the Gas Works and their agents, through the stopcock in the service-pipe placed by them from the main pipe in the *street* to the meter *within* the property of the consumer; which service-pipe, as well as the stopcock placed near the curbstones, were provided at the expense of the Trustees of the Gas Works. This regulation continued until the 8th day of February, 1838; that is to say—whenever any “extensions, alterations or repairs” were required by the consumer, the Inspector or other authorized agent of the Trustees of the Gas Works *first* stopped off the flow of gas *in the street*, and did not allow its use again until said “extensions, alterations or repairs” had been properly inspected by the said Inspector or agent.

Secondly—On the 15th day of January, 1838, it appears by the Third Annual Report of the Trustees of the Gas Works, that they suggested to Councils, at the intimation of several Insurance Companies, and Councils on the 8th

day of February enacted, the following section of an ordinance, entitled "An Ordinance for the Further Extension of the Philadelphia Gas Works," viz. :

"SECTION 3. *Be it further ordained, &c.*, That for the greater security of the premises into which gas has been or shall be introduced, it shall be lawful for the said Trustees to require that a suitable stopcock or other apparatus shall be placed between the wall of the building and the gas meter, and that the expense of the said stopcock or other apparatus as well as of all the services, pipes and tubes beyond the length of sixteen feet which may be required to supply any premises with gas, shall be reimbursed to the said Trustees by the consumers of gas on said premises."

Thirdly—That it does *not* appear that any part of the ordinance passed in October, 1836, regulating the use of the stopcock in the service-pipe near the curbstones, has been abrogated or changed by any subsequent enactments of Councils; but that the exclusive control, as heretofore, appears to have remained to the use and under the authority of the Trustees of the Gas Works; and the use of this stopcock for the purpose of preventing accidents, appears to have been the understanding of the Superintendent of the Gas Works, from his conversation with, and letter to, a member of your Committee, [see documents annexed, marked A and B,] wherein he expresses his belief that the *omission* to stop off the gas *in the street* to be a "violation of the rule of the office under express orders," &c.

A letter from the President of the Gas Works, together with a report of the Committee on Distribution, in relation to the application of Mr. Leach, is also annexed, marked C and D. From the latter document your Committee have copied the following paragraph:

"The practice of the officers in relation to extensions and alterations was briefly this: As neither the ordinances of Councils nor any resolution of the Board of Trustees specifies when the gas is to be stopped off; on application for a permit to make extensions or alterations, *the gas-fitters were generally empowered to turn it off*. This practice was permitted in order to accommodate *them* and the consumers. From the time the gas was shut off for the proposed work, it was considered as officially shut off, both by our officers and by the gas-fitters. They acted on this understanding."

Your Committee therefore further beg leave to offer the resolution annexed.

Philadelphia, September 10, 1847.

DEAR SIR,—I have stated to some of the gentlemen composing the Police Committee, that you stated to me, when speaking of the explosion of gas in Mr. Leach's premises, Cherry street, that you had given orders "that when a permit was issued for the purpose of making alterations, extensions or repairs, to have the gas stopped off in the street; and if that was not done in this instance, you would have to quarrel with somebody."

Will you have the goodness to confirm or disavow this statement?

Yours, very respectfully,

JOHN TRUCKS.

To John C. Cresson, Esq., Supt. Philada. Gas Works.

B.

Philadelphia, September 15, 1847.

JOHN TRUCKS, Esq.

Dear Sir,—In accordance with your request, I have the pleasure to state that my recollection of the conversation with you soon after my return from Havana, coincides pretty nearly with your statement of it. You gave me a

narrative of the accident at Mr. Leach's, with your reasons for thinking he ought to be remunerated for his loss, and stated that the gas had not been stopped off at the street.

I expressed some doubt of this, believing it to be a violation of the rule of the office under express orders, and determined to examine into the matter without delay. Upon doing so, the Inspector informed me that he had no recollection of having ever received orders on the subject either from the Board or me : and that the practice of the office had always been to stop off only at the meter for alterations or repairs.

The other officers of the Works corroborated this statement ; and you will doubtless recollect that I took an early opportunity to acquaint you with these facts.

Very respectfully yours, &c.

JOHN C. CRESSON.

C.

OFFICE OF THE PHILADELPHIA GAS WORKS,
Philadelphia, September 9, 1847.

MESSRS. JOSHUA TEVIS and ROBERT HUTCHINSON,
Committee, &c.

Gentlemen :—I have the honour of enclosing herewith a copy of the report made to the Trustees of the Philadelphia Gas Works, by their Committee of Distribution, on the application of Mr. Leach ; and also, a copy of the printed terms, &c. furnished to each customer of the Works for his government and protection. From these, I think you will perceive that no liability has been incurred by the City for the results of the explosion on Mr. Leach's premises. No call was made either by himself, or Mr. Minhinnick, his plumber, to examine and pass his fittings, after they had been undergoing a change ; and they together therefore assumed all the risk and all the penalties which such neglect involved. Mr. Minhinnick escaped the payment of the penalty by the testimony which Mr. Leach gave before Alderman Cook ; and in that investigation proved under his own oath, *that he had been told that the job was not finished.* While the Trustees of the Gas Works take every precaution in their power to guard against accidents, and cause every examination to be made for their customers *without charge*, they do not

consider the City liable to pay for any accident that may occur from the use of the gas; well knowing that the fittings of any house are liable to wear out, to be displaced by the settlement of the building, or to be injured by a variety of causes that are continually occurring in a man's family or business. The remedy in all such cases is immediately to stop off the gas at the meter, and to give notice of the escape of gas at the office of the Trustees, and the difficulty would promptly be provided for. If Mr. Leach had used even ordinary precaution in his case, (for the odour of gas had been perceived by him for some time previous to the explosion,) or had done what both Mr. Minhinnick and himself knew ought to have been done, before attempting to light up his house, no such accident could have happened. To pay him for his carelessness will go far towards breaking up a system which the Trustees regard as essential to the protection of the community; and the admonition which his case furnishes to all the customers of the Works, *to be careful*, and to notify our officers in all cases of irregularity, will be lost, if the City should make, or direct compensation to be made to him, for that in which neither themselves nor any of their agents had any participation whatever.

I am, Gentlemen, very respectfully,

F. FRALEY, *President*.

D.

The Trustees of the Philadelphia Gas Works, on the 28th May, 1847, referred to the Committee on Distribution an application from Wm. Leach for compensation for damages sustained by him from an explosion of gas at his premises,—with instructions to report the facts of the case to the Board.

On the 11th June, the Committee on Distribution

REPORTED—

That they had given the subject a careful consideration, and submit a brief statement of the facts and conclusions to which they had come.

The practice of the office in relation to extensions and alterations was briefly this: As neither the ordinances of Councils nor any resolution of the Board of Trustees specifies where the gas is to be stopped off, on application for a permit to make extensions or alterations, the gas-fitters

were generally empowered to turn it off. This practice was permitted in order to accommodate them and the consumers. From the time the gas was shut off for the proposed work, it was considered as officially shut off, both by our officers and by the gas-fitters: they acted on this understanding.

The facts in the case of Mr. Leach are these: Mr. Minhinnick took out a permit to make some extensions in the premises of Mr. Leach; the flow of gas was stopped at the meter, either by Mr. Leach or Minhinnick. After the extensions were completed, and before they were examined by the Inspector of the Board, or notice for inspection was left at the office, Mr. Leach, or a person in his employ, turned the gas on, and by a defect in the old pipe in the cellar, a large portion of gas escaped between the floor and ceiling of the cellar, which resulted in the explosion and injury complained of.

These facts were elicited from Mr. Leach in his examination before the Alderman. The mischief is therefore entirely attributable to Mr. Leach's agency: indeed the Committee think that in strict justice he is liable to a prosecution for the violation of the ordinances made in relation to such cases.

The Committee respectfully refer the Board to the ordinance of Councils passed October 6th, 1836.

In consideration of Mr. Leach's entire ignorance of this ordinance, and the injury he has sustained, it is recommended that the subject be dismissed by the Board.

After the reading of this report, the Committee were discharged from the further consideration of the subject.

The Committee on Public Highways

REPORT:—

That under their direction the City Commissioners have completed, or have in an advanced state for completion, all the streets included to be paved and repaved in the resolution of Councils of sixth May, 1847, with the exception of Logan street from Sassafras to Vine, Rittenhouse street, south side of Rittenhouse Square, and Schuylkill Third street from Mulberry to Sassafras street.

The Committee have had under consideration numerous petitions for paving various streets, and for making new culverts, referred to them by Councils; but deem it unnecessary to report upon them more definitely at this time, because it will be necessary to have further appropriations in order to execute the work.

The Committee recommend the further consideration of the said petitions, and especially the paving of the streets enumerated above, as also George street, from Schuylkill Third to Fourth streets, and the petition for a culvert in Schuylkill Sixth street, to the early consideration of the next Councils.

Respectfully submitted.

APPENDIX, No. LXIII.

To the Select and Common Councils :

The Committee on Public Highways, to whom was referred a resolution requesting them to examine into the expediency of dividing the City into two districts, giving the regulation of one of the districts to the City Surveyor, and the other to the Assistant City Surveyor,

REPORT :—

That the ordinance of 19th December, 1839, which is now in force, regulating the City Surveyor's Office, provides, amongst other things, for the appointment of a Principal City Surveyor and an Assistant City Surveyor; and also that the said principal City Surveyor, with the aid and assistance of the said Assistant, shall, in addition to the other duties prescribed by that ordinance, do and perform all the duties which were then imposed by ordinance or act of Assembly upon the Recording Surveyor and City Regulator; and that the said Assistant City Surveyor shall, under the direction of the said Principal, assist in the performance of the said duties; and that it shall be the duty of the said Principal or Assistant to be present and to keep the said office open for the transaction of the business thereof, from nine in the forenoon until two o'clock in the afternoon.

The ordinance also provides for the pay of an assistant, when the said Surveyors shall be employed in surveying, regulating and laying out or making any public street, alley, passage, water course or common sewer.

The Committee are not informed by the resolution referred to them what evils it is intended to remedy, or what advantages are proposed to be gained; but upon a partial investigation into the management of the office, it appears that dissatisfaction has been expressed by persons having business there, owing in part to the delay occasioned, at certain seasons, by an accumulation of unfinished business.

It is not alleged that the duties of that office are too onerous under the present system, or that they would be rendered less so by a division of the City into distinct

districts ; on the contrary, it is probable that difficulty and confusion might result by establishing two separate and independent offices within the same office. Separate draughts and records would necessarily be introduced, with increased expense and labour.

From a careful examination of the existing ordinance, the Committee are of opinion that it is framed to meet the exigencies of the office : they therefore respectfully submit that it is inexpedient to divide the City into two districts, as contemplated by the resolution.

They offer the following,

Resolved, That the Committee be discharged from the further consideration of the subject.
